Dear Edwards:

I am especially pleased to commend you for your excellent performance in initiating the Specialized Schools on Searches and Seizures.

This is an extremely worthwhile program and its success can be attributed in no small degree to your splendid guidance. Numerous laudatory comments have been received regarding these schools and you should be very proud of your effective services. I want you to know of my appreciation.

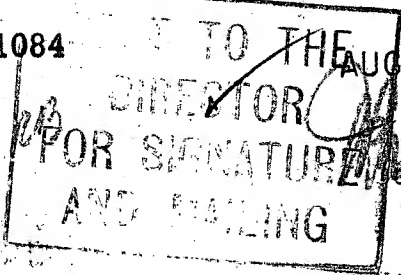

Sincerely,

Inspector H. L. Edwards, while attending a meeting of the National Association of Attorneys General during the Fall of last year, learned of the problem and confusion created for local law enforcement by the Supreme Court ruling in Mapp vs. Ohio. Edwards immediately launched a major program to train local police in the law of searches and seizures.

Under this program the Training Section brought into the Seat of Government 105 law-trained Special Agents and afforded them specialized instruction on the Law of Searches and Seizures. A 265-page comprehensive Training Document (No. 61) on the topic was issued in February, 1962. A curriculum was furnished to the field and to date there have been 285 specialized schools on searches and seizures. The attendance was broadened to include prosecuting attorneys, judges, and representatives of the State Attorney General's Office. There have been scores of laudatory comments on these schools and the Attorney General of Kansas prepared an article for the Law Enforcement Bulletin in which he praised the FBI for meeting this need of local officers.

An additional long-range benefit of this program is that we now have a trained legal corps of police instructors which will be used in the future, when we have fulfilled the immediate need for searches and seizures training, to afford further specialized schools on legal subjects such as evidence, arrests, etc.

I feel that this program has been most successful and that there should be recognition given to Inspector Edwards for his initiation and guidance of this program.

RECOMMENDATION:

That approval be given to commend Inspector H. L. Edwards for his initiation and guidance of the program of Specialized Schools on Searches and Seizures. (If approved, the Administrative Division will handle.)

PERSONAL AND CONFIDENTIAL

Dear Mr. Hoover:

[redacted] the American Bar Association sent a mimeograph letter under date of June 25, to each member of the committee. I am enclosing a copy of his letter for the confidential information of the Bureau, together with a copy of [redacted] resume.

I must confess that I have a very strong feeling on the impropriety of [redacted] remarks in his resume which convey an impression that do not coincide with the facts - if my recollection is correct. Then when I received your letter of June 27 stating that neither Lynn Edwards nor the Bureau had endorsed [redacted] I concluded that it was necessary for me to take a stand. particularly was this necessary in view of [redacted] statement on page 3 of his letter, "I discussed this fully with Mr. Edwards and the enclosed biography appears to me to truly reflect the nature of his employment". I think this is pretty far fetched, based upon the record as I recall it. Accordingly I have so advised [redacted] and [redacted] as you will note from the attached copies of letters I have sent them setting forth my opposition to [redacted]

With best wishes and kind regards.

Sincerely,

By letter of 7/6/62, L. B. Nichols advised the Director that he had withdrawn his previous approval for the employment of former clerk [REDACTED] with the American Bar Association (ABA) Special Committee on Communist Tactics, Strategy and Objectives. He said this reversal was based on information in the Bureau's letter to him of 6/27/62, which indicated that neither the Bureau nor I had endorsed [REDACTED] as [REDACTED] had previously erroneously believed. [REDACTED] enclosed copies of his letters of 7/3/62 to [REDACTED] and [REDACTED] also a copy of the biographical brochure prepared by [REDACTED] (his had previously been called to the Bureau's attention); and a copy of [REDACTED] letter of 6/25/62 to the Committee concerning [REDACTED] proposed employment.

I had previously learned of [REDACTED] letter in conversation with [REDACTED] and asked him to send me a copy, which I received 7/9/62, together with other copies of correspondence relative to the proposed hiring of [REDACTED]. I had a memorandum in dictation when Nichols' letter reached me last evening and will now include everything in this memorandum.

The paragraph in [REDACTED] letter to which Nichols makes reference states "Concerning the experience of [REDACTED] with the Federal Bureau of Investigation, I discussed this fully with Mr. Edwards and the enclosed biography appears to me to truly reflect the nature of his employment. I think perhaps [REDACTED] and several others may have simply received the impression that [REDACTED] was a special agent of the FBI when it was pointed out that he was 'with the FBI' for a number of years. [REDACTED] was very frank in his discussion with us and particularly noted the nature of his work and that he was on the administrative staff in the office." What [REDACTED] refers to is a contact I had with him in June, 1962, when the issue first arose over [REDACTED] biographical brochure and whether or not the Bureau or I endorsed [REDACTED]. I clearly pointed out the "puffing" in [REDACTED] biography about his Bureau experience. [REDACTED] said he had not been misled or influenced thereby because he had talked at length with [REDACTED] clearly realized he had not been an Agent, and he

evaluated [redacted] primarily on the basis of what he had done for the past ten years since leaving the Bureau. [redacted] said he fully realized the Bureau had no way of knowing what [redacted] had done in the ten years since leaving the organization. He had conferred at length with [redacted] as to [redacted] specific needs in the way of a Committee Administrative Assistant and since [redacted] felt [redacted] had the qualifications [redacted] needed, [redacted] supported [redacted] in trying to engage him. [redacted] volunteered the observation that [redacted] had originally jumped to the conclusion that [redacted] was former [redacted] whom [redacted] knew and it seems that when [redacted] had first been contacted by [redacted] he indicated that he was favorably disposed to hiring [redacted] although he suggested that [redacted] check with me. My memorandum of 6/6/62 reports [redacted] telephone call and the fact that on the morning of 6/6/62, while back stage prior to the National Academy graduation exercises, [redacted] mentioned to me [redacted] conversation with him. I clearly pointed out at the time that [redacted] was a former Bureau clerk and that he had not been in the Bureau for about ten years. [redacted] gave no indication to me that [redacted] had misled him into thinking [redacted] was an Agent but I do recall [redacted] saying that [redacted] he didn't know former clerk [redacted] but he had known the former Agent, who is now with the New York State Police. It is interesting to note that one of the letters forwarded by [redacted] is dated 6/21/62, from [redacted] to [redacted] in which he states . . . "I learned on inquiry that [redacted] was only a clerk in the FBI and while he had a good record, they have insisted that they in no way endorse or urge his selection. This is a matter in which they desire to express no opinion other than the factual report of his service in the Bureau which occurred some years ago."

b6
b7C

b6
b7C

A copy of another letter enclosed by [redacted] and the one on which [redacted] letter of 6/25/62 is predicated is from Navy Judge Advocate General, Rear Admiral W. C. Mott, stating "I certainly have no 'serious objections' to the hiring of [redacted] as [redacted] I do think the lily has been gilded somewhat in his business brochure which accompanied [redacted] letter. For instance, Lynn Edwards informs me that he was a clerk at the FBI which would hardly substantiate some of the more glowing remarks about his FBI service. Also, it might be taken as an inference from the Chairman's letter that Lynn Edwards 'recommends his employment' which he does not. Neither is he against it. He knew him as a good clerk ten years ago, period."

b6
b7C

[redacted] also enclosed a copy of a letter of 6/25/62, to him from [redacted] indicating [redacted] would not be permanently employed until he has been approved by the new [redacted] and until after consideration at the regular meeting of the Administrative Committee in August, 1962.

The Bureau has previously taken the position that basically the problem of whether or not [redacted] is hired is one for the ABA authorities and the Committee in question. This position seems sound.

Certainly anyone putting out such a flimsy brochure should not be considered for this position. I think it is a disgrace to the FBI and the public that such a person should be considered for this position. I think it is a disgrace to the FBI and the public that such a person should be considered for this position.

Dear [Redacted]

I am most appreciative of what you have done as Chairman of the Special Committee on Communist Tactics, Strategy and Objectives during the past year. However, it becomes the prerogative of the President to select the Chairman for the ensuing year. Inasmuch as this will probably become a Standing Committee, I have decided to appoint [Redacted] of Chicago as [Redacted] for a three year period and to reappoint you as a member of the Committee for a two year period. While I have determined most of the appointments to the Committee, I am still deliberating on some of the changes which must be made.

The work of the Committee during the past year has been of importance to the Association and I know that you, as a member of the Committee, will continue your great interest in this work. The emphasis is going to change to the educational features but I anticipate that the program of seminars will be continued if we can get sufficient financial support from the Budget Committee and perhaps outside sources.

b6
b7C

I am still somewhat disturbed about the retention of a consultant for the Committee. There appears to have been a great misunderstanding with reference to the authority of anyone to engage such a consultant. The rules specify that this should only be done with the approval of the Administration Committee. Furthermore, the Committee has adopted a practice of requiring the action of the whole Committee. That accounts for the letter requesting further details from [Redacted] of the House of Delegates. I am wondering in view of the short time between now and the Annual Meeting in San Francisco if any further action should be taken with reference to [Redacted] on any basis. I think the new Committee must make a determination and present it through Association routine before any new employment could be guaranteed. What disturbs me further is

that I learned on inquiry that [redacted] was only a clerk in the FBI and while he had a good record, they have insisted that they in no way endorse or urge his selection. I am sailing for Europe tomorrow on the SS FRANCE and will not be back until the San Francisco meeting.

With kind regards,

Sincerely yours,

Dear [redacted]

I meant to discuss the question of hiring a staff member for our committee with you when we were together in Biloxi. Unfortunately, time and the schedule did not permit. Hence this letter.

The enclosed letter from [redacted] informs members of the Special Committee on Communist Tactics, Strategy and Objectives that approval of "permanent" employment of a gentleman named [redacted] as a staff member of the committee would be sought from the Administrative Committee "unless there is serious objections presented by immediate telephone call to me".

I certainly have no "serious objections" to the hiring of [redacted] and [redacted]. I do think the Bly has been gilded somewhat in his business brochure which accompanied [redacted] letter. For instance, Lynn Edwards informs me that he was a clerk at the FBI which would hardly substantiate some of the more glowing remarks about his FBI service. Also, it might be taken as an inference from the Chairman's letter that Lynn Edwards "recommends his employment" which he does not. Neither is he against it. He knew him as a good clerk ten years ago, period.

My own feeling is that we shouldn't hire anybody at this juncture. As I understand the situation, the committee will probably be turned into a standing committee at the San Francisco meetings and its composition as well as its plans for the future is almost bound to change. To hire someone with less than two months tenure remaining of the present Special Committee when there are no seminars planned and no projects in the offing would seem to me to be an awkward move.

XEROX

If a new Chairman were to be appointed, for instance, he might very well not need a man with a public relations background. He might prefer to have a lawyer as a staff member. Other things being equal, I would think that a committee of the bar would want to have a lawyer on its staff.

I was informed by [redacted] during a telephone conversation about another matter that the question of hiring [redacted] had been turned over to [redacted] and the Administrative Committee. When I spoke to [redacted] about the subject he told me that certain additional information had been requested about [redacted] and that a decision on his hiring was not immediate. If this is still the situation and no definite commitment has been made to [redacted] I would recommend that any decision be deferred until after the San Francisco meeting. At that time the Administrative Committee will know more about the character of the Committee on Communist Tactics, Strategy and Objectives, i.e., whether it is to be a standing or a special committee and who will be on it to carry forward the work, and what kind of a program it will have. It seems to me those are all matters which bear upon the personality and the background of the kind of a staff member the Committee will need.

I would also like to draw to your attention the letter of June 13, 1962, written by [redacted] for whose opinion I have great respect on the subject of hiring [redacted]. It seems to me that what [redacted] says:

"The real question which I have in mind is whether we are entirely justified in acting upon the recommendations of others, without any check by members of our Committee, in a matter of such vital importance to the future progress of our program."

he is voicing the same kind of doubt I now voice.

At [redacted] request I am sending a copy of this letter to all the members of the Administrative Committee as well as the members of our own committee.

[redacted] let me say I have no objection to [redacted] proceeding from the letter that was submitted with [redacted] letter. I just think that our committee has been asked to make what amounts to an ex post facto approval of the hiring of a man we know very little about and who may not suit the

b6

needs of a new chairman, a new committee, and, possibly, a modified program. With the life of the Special Committee now limited to less than two months I pose the question -- Is precipitate action in all the circumstances necessary and desirable? I believe not.

Dear Bill:

Upon returning to the Chicago office after our visit in South Dakota I found your letter of June 20 concerning the employment of [redacted]. Since returning I have discussed this matter with [redacted] of the Administration Committee, [redacted] of the Special Committee, [redacted] and [redacted] who will be [redacted] of the Special Committee next year. Apparently there is some misunderstanding by the Committee as reflected by the letter from [redacted] and your letter concerning the employment of [redacted] so I will cover the matter at some length since I am sending a copy of this letter not only to all members of the Special Committee on Communist Tactics, Strategy and Objectives, but also to the Administration Committee in view of the fact that a copy of your letter went to all of these persons.

b6
b7C

You will remember that the Committee has received two grants available for its purposes, one being from the Richardson Foundation in the amount of \$25,000, and the other being from the Lilly Foundation in the amount of \$36,000. It is my understanding that some major portion of the Richardson Foundation grant remains unexpended and that the grant from the Lilly Foundation is unexpended. As soon as these funds became available the Committee was anxious that someone be employed as a staff member to assist in its work, particularly in connection with seminars and institutes as well as the work it was doing in cooperation with the Committee in the field of education, and you were personally insistent that the Chairman proceed with as much expedition as possible in obtaining a member of the staff to assist in its work. [redacted] and I were in thorough accord with this feeling. You will also remember that several persons had been considered and we had felt there was a probability of employment of one of these but that such employment was not completed. In accordance with the action of the Committee, with which you and I were in thorough accord, [redacted] has pressed as vigorously as possible the matter of obtaining a staff member and [redacted] was recommended to him from proper sources. As I am not sure whether everyone to whom copies of this letter are sent has received the biography of [redacted] I enclose a copy thereof herein.

b6

ENCLOSURE

After an investigation of his background, [] arranged for a conference to be held in the American Bar Association headquarters between him as Chairman of the Committee, me as President of the Association, [] and [] of Activities. [] came to Chicago and spent most of the day at the American Bar Center. We had a very full, complete and satisfactory interview with him.

b6
b7C

The procedure to be followed in these cases was reaffirmed by the Board of Governors at its last meeting as follows:

"In order to maintain a uniform policy with respect to the employment of personnel and to insure proper supervision thereof, no section or committee may employ personnel, except as hereafter stated, to work on Association business, without prior approval of the Administration Committee. Any such request should be addressed to the Executive Director, who will present it to the Administration Committee for consideration and decision. Such request shall include information as to the proposed duties of the employee, compensation and terms of employment, biographical material, and the source of the funds required to meet the financial obligation involved.

b6
b7C

"The foregoing shall not apply to the employment of temporary, part-time clerical assistance or to the temporary services of a consultant. Such requests shall be addressed to the Executive Director who is authorized to approve or disapprove the same. Any such request shall likewise include information as to the proposed duties of the person involved, compensation, and the terms and tenure of employment, biographical material, and the source of the funds required to meet the financial obligation involved. The Executive Director may, in his discretion, refer any such request to the Administration Committee for advice before acting thereon."

As the Chairman of the Committee, the Committee itself and I felt that it is essential to the permanent work of the Committee that staff assistance be available, we discussed with [] the proposed duties of [] the compensation, terms and tenure of employment, reviewed fully the biographical material and the funds available for this purpose. It was the unanimous decision of all that the work of the Committee would be facilitated and that [] was an entirely satisfactory person for the place. Hence, he was offered temporary employment as a consultant on a monthly basis with a monthly compensation to be related to an annual basis of \$10,750. This decision was made after extended personal interview and thorough examination of the biography submitted by []

In telephone conversations with [] we were both of the opinion that we would prefer for this matter to be considered fully by the Administration Committee at its regular meeting in August rather than attempt to submit to the Committee at the present time the material by mail with the thought of permanent employment being considered by the Administration Committee at this time. This also will give additional time in which both the Special Committee and the Administration Committee will have the benefit of observation of work by [] and the experience of working with him in the meanwhile.

I do not agree with the theory that when we have a committee of the Association carrying on a program which extends over a period of months and years, with plans made and approved by the committee for such a program and funds available to carry it forward, we should cease work or stop any attempt to set up a staff to carry the work forward because we are going from one Association year to the other and because of the possibility that a new chairman may be appointed at the end of the year. As you know, [] has decided to appoint [] of the Special Committee for the coming Association year. We have discussed the entire situation and particularly the employment of [] and he will be in touch with [] and [] and will have the opportunity of a personal interview and of working with [] between now and the August meeting so that he will be in a position to make a recommendation to the Committee and the Administration Committee when they meet in August at the time of the Annual Meeting.

Concerning the experience of [] with the Federal Bureau of Investigation, I discussed this fully with [] and the enclosed biography appears to me to truly reflect the nature of his employment. I think perhaps [] and several others may have simply received the impression that [] was a special agent of the FBI when it was pointed out that he was "with the FBI" for a number of years. [] was very frank in his discussion with us and particularly noted the nature of his work and that he was on the administrative staff in the office.

In response to your question, "Is precipitate action in all the circumstances necessary and desirable?", I am in thorough agreement that precipitate action should never be taken. On the other hand, I know that in this case very careful and studied efforts have been made for a period of six or seven months and I do not believe that any of the action taken, and particularly that of employing [] was precipitate. I know that you and other members of the Committee have been insistent that a staff be set up and I feel the action of [] taken with the approval of myself and the Executive Director, was after full and sufficient consideration.

I feel sure that there will be ample time for full consideration at the August meeting when a determination is made as to permanent employment and that

b6

at that time the additional contact with [] by both []
and [] will be sufficient to permit a determination as to
permanent status to be made, both by the Special Committee and the Ad-
ministration Committee on a proper basis.

Dear [redacted]

Just a line to confirm our conversation that [redacted] will be in Washington this week, but will give you a ring Monday or Tuesday to arrange for a conference at some convenient time with you and [redacted] at a mutually convenient place (either Cincinnati or Chicago).

You had asked my suggestions on your letter to [redacted] dated June 21st, and the only one I have is that I believe the last sentence should be deleted, as the matter of permanent employment is being deferred until August.

Also, in view of the several telephone conversations with [redacted] in the last few days, I believe it would be well to consider adding at the end of the first paragraph: "It is my understanding that you and [redacted] feel that the matter of permanent employment should be deferred to the regular meeting of the Administration Committee in August, and that [redacted] would continue on a month to month consulting basis for July and August, during which time both the Special Committee and the Administration Committee would have a full opportunity to consider all the facts and determine the matter of permanent employment."

I greatly appreciate the tremendous amount of time and effort that you have put into the cause, and the fine basis which has been laid this year for the carrying forward of the program. I know that your cooperation in helping to set up a basis for continued work will mean a great deal to the American Bar Association and to the cause in which we are all so interested.

With kindest personal regards,

Sincerely your friend,

Dear [REDACTED]

This will confirm our telephone conversation in connection with your letter of June 14 to [REDACTED] concerning the use of [REDACTED] when you called this morning on several matters.

b6
b7C

We are in complete accord that the best procedure in handling the matter will be to defer the discussion of engaging [REDACTED] as a regular employee for work with the Committee until a full discussion can be had at the regular meeting of the Administration Committee in August at San Francisco and that, in the meanwhile, he would retain the status as a consultant working on a temporary basis.

As I mentioned on the telephone, [REDACTED] came to Chicago and was interviewed by [REDACTED] and myself, and in accordance with the procedure set up by the House of Governors at its last meeting, he was approved by the Chairman of the Committee and the Executive Director (with full accord of [REDACTED] and myself). This was, of course, on the basis of temporary employment on a month-to-month basis as consultant.

I assume [REDACTED] will give the Treasurer the information which is reflected by the records in Chicago that there is a balance of between \$40,000 and \$50,000 in the grants received from the Richardson and Lilly Foundations. It is my understanding that secretarial, telephone, postal and other expenses (including any expense of office space) will be paid from these funds. One of the reasons for the grants was to enable the Committee to employ an appropriate staff to handle the work of the Committee.

In accordance with our discussion by copy of this letter we are suggesting to [REDACTED] that full information concerning [REDACTED] be made available to the Committee when it meets in San Francisco rather than to ask a vote by mail at this time.

Sincerely yours

Dear [REDACTED]

In keeping with your letter of June 14 I am transmitting to members of the Administration Committee a copy of my letter to you of June 7 together with a copy of the history and qualifications of [REDACTED] and a copy of this letter answering your inquiries. I trust that this will give the Administration Committee the necessary information for its purposes but if there are further questions feel free to call on me.

b6
b7c

[REDACTED] was interviewed by me in Cincinnati for a full day and thereafter met with [REDACTED] at Washington for a similar purpose. A meeting was thereupon set up at Chicago for the following day which was attended by [REDACTED] and myself.

At that time [REDACTED] as [REDACTED] and under general authority delegated to him the Board of Governors arranged for [REDACTED] to act as consultant to the Committee on a temporary month to month basis with permanent employment to be contingent upon action by the Administration Committee. This action was taken in view of the urgent necessity for staff assistance to the Committee and the fact that [REDACTED] was highly qualified for the position, was currently changing his employment and might not be available if a long period intervened. The temporary consultant fee was placed on a month to month basis with payment commensurate with the \$10,750.00 figure arrived at for possible future permanent annual employment. It was expected at that time that the Administration Committee would act on his permanent employment in August at which time a firm appraisal may be had of his work and capabilities.

-2-

June 21, 1962

[REDACTED]

All of the salaries and other costs such as secretarial help, telephone, etc. which adhere to the program activities of the Committee are defrayed from the contributions of funds and foundations. The Richardson Foundation fund of \$25,000.00 although not limited to that purpose was given with the request that it be used to establish an operating staff. Part of these monies have been spent on seminars held during the last year and although I do not have the exact figures at the moment there should be some ten or twelve thousand dollars remaining of the original contribution. In addition the Committee has intact and untouched the \$35,000.00 contributed by the Lilly Endowment. A budget has been set up for the proposed standing committee from joint recommendations of the chairmen of the two Special Committees amounting to \$9,750.00 for the next year. This ABA budget is solely to cover operations of the Committee itself such as committee meetings and the like.

At the Chicago meeting as well as by determination of the Committee it has been felt that the staff consultant or assistant should be established at Cincinnati in the interest of efficiency, particularly during the formative stages of the Committee's program. There will be no fringe costs involved in this inasmuch as office space and telephone is available at no cost. The terms discussed for permanent employment was on an annual basis at a salary of \$10,750.00 plus moving expenses.

Very sincerely yours,

Dear [REDACTED]

I have been out of the office which accounts for my delay in acknowledging your letter of June 7th with reference to the hiring of [REDACTED]

I know that you have more or less committed yourself and I take it from your letter that Lynn Edwards has recommended [REDACTED] most favorably. I knew him quite well in the Bureau. He was a clerk. I, of course, am not familiar with his activities since he left the Bureau. He could be the finest man on earth for the job. However, he did not have an agent status in the Bureau and I have some doubt as to his proficiency on the subject matter of the Committee's objectives, unless, of course, he has acquired it since he left the Bureau. Therefore, I will not interpose an objection.

With best wishes and kind regards,

Dear [REDACTED]

Your letter of 7 June came on my desk during my absence and I just yesterday had the chance to visit with some of the Administration Committee on the telephone about it.

Some questions have been raised about your budget situation, particularly in view of the directive from the Board of Governors to Rules and Calendar and Scope and Correlation to draft By-Law proposals for a Standing Committee in lieu of the two present committees concerning Communist matters. This By-Law proposal will be published in the June "Journal", and the Advance Program.

The Treasurer, with whom I visited as a member of the Administration Committee, raised the question specifically of what your present budget is, what is the status of the Richardson fund moneys that were apparently available, what is going to be the fringe cost of [REDACTED] if he is engaged, as for instance for office space, secretarial help, telephones, postage, etc. All these things must be considered. Where is [REDACTED] going to be established? In Chicago at Headquarters, and has space been allocated, and will he be under your immediate direction or under the immediate direction of [REDACTED] tive [REDACTED]

What tenure is proposed for him? Is he engaged from week to week, month to month, or what? This becomes particularly important in view of the possible establishment of the Standing Committee which will make considerable difference in the present set-up, will it not?

I might say that I have talked to [redacted] and he is enthusiastic about the engagement of [redacted] but the Treasurer raises questions that at the moment prevent some of the rest of us from intelligently considering the matter.

My thought would be [redacted] that to save time you address the members of the Administration Committee direct with a summary of the letter you wrote me on the 7th of June, although most of them know about it they should probably have your statement of it, and particularly [redacted] qualifications, together with the answer to these questions.

Dear [redacted]

I have examined the personnel memorandum of [redacted]
[redacted] which you submitted to the members of our Committee
in your letter of June 7th. [redacted] qualifications would
seem to warrant his employment as Consultant, but, as I have not
had the opportunity of a personal interview, my judgment would
necessarily be made in reliance upon the recommendation of those
of us who have seen or know this man and on the basis of these
recommendations I would approve the prospective employment.

Frankly, I wish that you or some member of our Committee
who is thoroughly familiar with the requirements of our work had
interviewed this man and was in a position to give us the benefit
of his judgment. I assume that you have not been able to do so.
The real question which I have in mind is whether we are entirely
justified in acting upon the recommendations of others, without any
check by members of our Committee, in a matter of such vital import-
ance to the future progress of our program.

acceptable. [redacted] as well as Messrs. [redacted] and

suggested that approval by the Administration Committee

I am sending a copy of the [redacted] history to all members

SYNOPSIS

There is set forth in the attached detailed memorandum and statement results of my inquiry into allegations that former [redacted] and SA's Roy E. Wood and [redacted] requested retirement because of difficulties with Inspector H. L. Edwards. [redacted] in memorandum 7-3-62, stated he called Assistant Director Sullivan to determine if he had questioned SA Wood regarding retirement prior to Wood's assignment in charge of National Academy (NA) Desk. He states Sullivan said Wood assured him prior to this assignment he had no intention of retiring. Sullivan further advised [redacted] that Wood had told him that he was retiring because of conflicts with [redacted] who is in charge of the Training Section of the Training and Inspection Division; that Wood had been unable to get certain recommendations past Edwards and had become completely frustrated. Mr. Sullivan also informed [redacted] that one of Sullivan's assistants had indicated to Sullivan that former [redacted] had some difficulty with Edwards and it was Sullivan's understanding that SA [redacted] who recently submitted his retirement request, had also indicated some conflict with Edwards.

Sullivan told [redacted] the next morning that his inquiries reflected no proof of the foregoing and that persons involved would deny statements on basis they were misunderstood.

MR. SULLIVAN'S STATEMENT TO TAVEL:

Sullivan advised me on 7-5-62 he called Wood on learning of retirement request. Wood stated had domestic problem; was disappointed at not being able to move ahead rapidly enough to accomplish what he had hoped to as one in charge of NA; thought a number of things could be done to improve Academy, but was unable to get underway to his satisfaction, mentioning (1) unavailability of Section Chief for discussion of work and decision-making; (2) inability to effect the changes he thought should be made; and (3) delay.

Memorandum W. S. Tavel to Mr. Mohr
RE: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

Sullivan states he discussed matter only with Assistant (Inspector J. A. Sizoo, Number One Man of Sullivan's division and formerly Wood's superior) to determine if Sizoo had known of Wood's retirement plans. Sullivan states Sizoo mentioned he received impression [] retirement may have been hastened by working conditions in Training Section. Sullivan also states he recalled someone, identity not recalled, had raised question of short notice of retirement given by SA [] implying dissatisfaction. Sullivan mentioned this to [] noting it was but a rumor which he felt had no value. b6 b7C

Sullivan states on recontact Wood said it would be a misunderstanding to conclude he retired because of official dissatisfaction and decisive factor in Wood's retirement was domestic situation but official situation had bearing on decision. Sullivan then so advised [] also stating matters of [] and [] were unproven and in Sullivan's opinion had no value. b6 b7C

INSPECTOR SIZOO'S STATEMENT:

Inspector Sizoo recalls that Sullivan asked him if he knew whether Wood contemplated retirement prior to assignment to NA desk. Sizoo stated he did not and recalls that [] retirement was mentioned in passing but Sizoo cannot recall exactly what was said since it was not germane to inquiry initiated by Sullivan. Sizoo states any comment he made probably was in answer to a question whether or not [] retirement was due to dissatisfaction and states he may have indicated this as a possibility but had no specific information concerning [] reason for retirement. Sizoo states matter was discussed with Sullivan at latter's specific request and with no one else.

Edwards denies any conflict with [] not interviewed. b6 b7C

SA ROY E. WOOD:

Wood advised me on 7-5 that after submitting retirement request on 6-29 he received call from Sullivan expressing surprise and disappointment and asking reason which Wood says he gave as personal situation cited in his letter to Director (actually involves illness of wife and mother-in-law, both of whom may have cancer). Sullivan asked if other reasons existed and Wood states he said retirement was based on personal reasons. Sullivan then asked and Wood acknowledged to him that Wood had previously expressed the view that improvements could be made in NA.

Memorandum W. S. Tavel to Mr. Mohr
RE: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

b6
b7c

Wood still felt this was true and was disappointed in having to retire before such changes were put in effect. He told Sullivan he had compiled a draft shortly after 6-6-62 of his ideas on NA curriculum, but doesn't know if he told Sullivan he had given the draft to Assistant Director Malone who gave it to Edwards.

Wood not certain he used expression that he "was frustrated" but he did tell Sullivan the NA desk was difficult due to (1) Wood being new on desk with little orientation by predecessor [redacted] who retired few days after Wood took over desk, (2) clerical assistant on desk who is familiar with work was under emotional strain due to serious illness of roommate, (3) SA [redacted] assistant on desk was relatively inexperienced and much of his time was utilized lecturing to NA and New Agents as well as on a special project assigned [redacted] by Edwards.

b6
b7c

Wood advised me there had been no refusal by Edwards to see him concerning any matter but for the greater portion of Wood's early assignment to NA desk, Edwards was engaged on committee work with Agency for International Development (AID) was out of building and difficult to contact or consult. He asked Edwards once if Edwards had read draft referred to above and was told he intended to immediately. On 7-2 or 7-3 Edwards gave draft to SA [redacted] in Wood's presence to review for his comment and study by NA Curriculum Committee being set up, and Edwards commented then that draft contained some good ideas, some needed study and he had made marginal notes on the draft.

Wood states draft was result of request by Malone for his ideas on improvement of academy and was not intended as formal request for change in NA curriculum but primarily for use in study of curriculum. He states he did not mention during recent recheck inspection since he felt it had been submitted to proper person only for study by committee, felt there was no improper delay by Edwards in discussion of draft and felt the points in draft would be resolved when curriculum committee, of which he was member, met. Wood denies any conflict with Edwards and has no recollection of anything he may have said to Sullivan that may have indicated such a conflict. Wood repeated that his domestic difficulty was sole reason for retirement and stated he was unaware of critical nature of family health problems when he was assigned to the NA desk.

Edwards also denies conflict with Wood. States received draft by Wood from Malone by routing slip dated 6-14 requesting ideas be studied by proposed

Curriculum Committee. This committee was suggested by Edwards. Mohr agreed and requested memorandum. Edwards on Malone's desk during his absence 6-18, 19 and 20 during time of recheck inspection and semiannual Inspector's conference. Memorandum submitted 6-21 recommending establishment of committee, and Wood was present when dictated, having previously canvassed other divisions for suggested representatives on the committee. Memorandum approved and returned to division 6-25; Edwards immediately advised Wood of approval, and organizational meeting held 6-28 but Wood's draft not discussed. Edwards offered chairmanship of committee to Wood, which he declined due to pressure of other work. As committee member, Wood did not mention his draft at the first committee meeting. Another committee meeting scheduled for this week.

Edwards advises he was engaged practically full time on subcommittee on U. S. Foreign Police Assistance, approved by Director, from about 4-27, when [redacted] left, to 6-15, but that Malone had been in close touch with Wood and Edwards. b6 b7C
feels Wood could not have handled NA graduation without almost daily guidance.

Edwards states SA [redacted] was heavily assigned during this time as were other personnel in the Division including lectures. The special project was one he assigned to [redacted] and two other agents on file research on foreign police assistance needed to meet AID subcommittee report deadline. Estimates this assignment amounted to three days' work, sometime in late May.

Edwards states he stressed to Wood that his ideas were welcome.

CONCLUSIONS:

Apparently Sullivan received a different impression from Wood's comments than Wood intended to convey. Wood, [] and Edwards deny any conflicts and Wood and [] state retirement requests based solely on personal reasons. Wood is satisfied with handling of his ideas on NA and states no improper delay on part of Edwards.

The above is submitted for information.

On the afternoon of 6/5/62, I received a call from [redacted] of Cincinnati, Chairman of the American Bar Association (ABA) Special Committee on Communist Tactics, Strategy and Objectives. He said he had interviewed former Bureau clerk [redacted] who is now in public relations work at [redacted] LeMoyne College, Syracuse, New York, is seeking a change and [redacted] said that both he and [redacted] felt [redacted] would be excellent for the staff position which [redacted] Committee has been trying to fill. This position would have as its basic responsibilities performing various administrative and clerical functions for the Committee under [redacted] immediate supervision. The individual would have a number of details to take care of in helping to set up these anti-communist seminars at the local bar association level, acting as a go between between [redacted] and the local committee, firming up dates, arranging for suitable seminar space, handout material, contacts with the news media and generally doing the "leg work" for the committee.

[redacted] stated that [redacted] is making \$10,000 a year with LeMoyne College and that the staff position with the Committee would start at \$10,500 and would have possibilities for advancement. He said that in the ten years since [redacted] has been out of the Bureau he has had other responsible public relations work including some sales, promotion, and management for the KLM Royal Dutch Airlines. He organized international tours. He also had been with United Airlines. In the Bureau, [redacted] was [redacted] of the mail room when he resigned to further himself and he had done extensive tour work in the Bureau. His file reflects his services were satisfactory and we have received no derogatory information concerning him since leaving the Bureau. I have seen [redacted] from time to time and he has always been most complimentary of his Bureau experience and has impressed me most favorably with the way he has developed in the business world.

SUBJECT: ALLEGATIONS OF POSSIBLE PERSONNEL CONFLICTS
 IN TRAINING AND INSPECTION DIVISION

2/4/62
 By memorandum 7-3-62 [] stated he had made an inquiry of Assistant Director Sullivan concerning any knowledge Mr. Sullivan might have had concerning the retirement intentions of SA Roy E. Wood, Supervisor in Charge, National Academy Unit, Training and Inspection Division. [] stated Mr. Sullivan advised him that Wood had told Mr. Sullivan that he was retiring because of conflicts with Inspector H. L. Edwards, in charge of the Training Section of the Training and Inspection Division. He also stated Sullivan advised that according to Wood he had been unable to get certain recommendations past Mr. Edwards and had become completely frustrated. [] also stated Sullivan advised him that one of his assistants had indicated to him that former [] had some difficulty with Inspector Edwards and that it was further Sullivan's understanding that SA [] who had just requested retirement, also indicated some conflict with Inspector Edwards.

[] stated Mr. Sullivan later called him at home, advising that he had made some inquiries, had no proof to back up the foregoing information, and that the individuals involved would deny passing on the information on the basis that they had been completely misunderstood. [] recommended that I run these allegations down to see if there was any truth in them and the Director stated, "Yes as to Wood and []"

b6

MR. SULLIVAN'S STATEMENT:

Mr. Sullivan submitted a statement to me on July 5 in which he says that [] called at Mr. Tolson's request wanting to be informed what he knew concerning the recent retirement of SA Roy E. Wood and whether Mr. Sullivan had any reason to believe Wood did not intend to remain with the Bureau. Sullivan states he told [] that Wood had never indicated to him in any way that he intended to retire but had, on the contrary, said that he intended to remain in the Bureau.

b6

In his statement to me of July 5, Sullivan said that on learning of Wood's retirement he, Sullivan, discussed this with Wood, who told him that he had a domestic health problem and discussed his, Wood's, disappointment at not being

able to move ahead rapidly enough to accomplish what he had hoped to as one in charge of the National Academy. Sullivan stated that Wood had advised that he, Wood, thought a number of things could be done to improve the Academy but that he was unable to get underway to his satisfaction, mentioning specifically (1) the unavailability of his Section Chief for discussion of work and decision-making; (2) inability to effect the changes he thought should be made; and (3) delay.

Sullivan stated that desiring to handle the matter discreetly, he discussed it ^{only} with an assistant to determine if he had any knowledge of Wood's retirement plans ^{and} that the assistant mentioned that he had received the impression that [] retirement may have been hastened by working conditions in the section. The assistant referred to is Inspector J. A. Sizoo, Number One Man of Mr. Sullivan's division whose statement will be set out hereinafter.

Mr. Sullivan stated that this reference to [] called to mind that some person had raised a question over the short notice given by [] on his retirement, the implication being he was dissatisfied. Mr. Sullivan states he mentioned this to [] noting that it was but a rumor which he, Sullivan, did not believe to have any value at all. [] requested retirement by letter 6-27-62 asking that it be effective on 7-9-62.) Mr. Sullivan advised me that he could not recall the identity of the person whom he stated had raised the question over the short notice given by [] b6 b7C

Mr. Sullivan stated that he recontacted Mr. Wood to get more specifics, at which time Mr. Wood restated what he had previously told Sullivan and discussed in some detail his domestic health problem. According to Sullivan, Wood said it would be a misunderstanding to conclude he retired because of official dissatisfaction, that is, unavailability of the Section Chief, inability to effect changes, or delay. According to Sullivan, Wood stated that the decisive factor in his retirement was the domestic situation but, naturally, the official situation had a bearing on the decision. Mr. Sullivan stated Wood repeated it would be a misunderstanding to conclude that he retired because of dissatisfaction. Mr. Sullivan states he called [] the next morning and so advised him, also telling him that the other two matters regarding [] and [] were unproven and, therefore, in his, Sullivan's, opinion of no value at all.

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

Mr. Sullivan states that Wood made unqualified statements to him, both before and after his appointment to his position on the National Academy Desk, that he had no intentions of retiring from the Bureau; felt the Director had been very good to him, mentioning consideration given when his daughter was ill; that he was extremely interested in training law enforcement officers; that the appointment to handle the National Academy was like a dream come true; and that he believed he could make a substantial contribution to improving the Academy.

FORMER [REDACTED]

b6
b7C

With regard to Mr. Sullivan's statement that an assistant had mentioned that he received the impression that [REDACTED] retirement may have been hastened by working conditions in the section [REDACTED] was in [REDACTED] [REDACTED] in the Training Section, Training and Inspection Division, Inspector J. A. Sizoo, Mr. Sullivan's Number One Man, states he recalls that Mr. Sullivan inquired some days ago whether he, Sizoo, had any knowledge that Wood actually contemplated retirement when he was recommended by the Domestic Intelligence Division as qualified and available for the position then being vacated by [REDACTED] Mr. Sizoo states he had no such information and so indicated. (SA Wood was under Mr. Sizoo's supervision while assigned to the Domestic Intelligence Division prior to his assignment to the National Academy Desk in the Training and Inspection Division.)

Mr. Sizoo states, as he recalls, that [REDACTED] retirement was also mentioned in passing but he does not now recall exactly what was said since it was not germane to the issue of the inquiry which Mr. Sullivan had initiated. Sizoo states that any discussion of [REDACTED] retirement was of a passing nature and any comment he made probably was in answer to a question whether or not [REDACTED] retirement was motivated by dissatisfaction. Mr. Sizoo states he may have indicated this as a possibility but that he has no specific information concerning the reason for [REDACTED] action in this connection. He states that he discussed this matter with Mr. Sullivan at his, Sullivan's, specific request and has not discussed this or similar matters with others.

Inspector H. L. Edwards states that to the best of his knowledge and recollection, which he thinks are accurate, he has never had any dealings with former [REDACTED] which provided any evidence that there existed any basic conflict of personality between [REDACTED] and himself.

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts

In view of the Director's instructions that I run down the allegations as to Wood and [] and since [] is no longer in the Bureau, he was not interviewed.

SPECIAL AGENT ROY E. WOOD:

SA Wood states that in his letter to the Director dated 6-29-62 requesting retirement he advised the Director that the reason for the request was based on a family situation involving the health of his wife and her family. He later received a call from Mr. Sullivan, stated Sullivan was surprised and disappointed that Wood had found it necessary to ask for retirement, and inquiring as to his reasons. Sullivan also asked if when Wood had been placed as Supervisor of the National Academy Desk he had any intention of retiring and Wood advised him in the negative. SA Wood believes that Sullivan inquired if there were any other reasons. Wood said he answered that his request for retirement was based on personal reasons. He states Sullivan then asked if it were not true that he, Wood, had ^{expressed} on occasions the belief that changes could be made in the National Academy or in police training to make the work more effective and Wood answered yes and that he still thought this was true and that he was very much disappointed in having to retire before such changes had been put into effect. He mentioned to Sullivan that he had compiled shortly after the National Academy Graduation on June 6 a rough draft of thoughts he had as to the National Academy curriculum but does not recall whether he told Sullivan that he had given this memorandum to Mr. Malone who in turn gave it to Mr. Edwards.

b6
b7C

Wood stated he was not certain that he used the phrase that he was frustrated but did indicate to Sullivan that the National Academy Desk was difficult for the following reasons: (1) that he was new on the desk and had had little or no orientation by [] (Wood was assigned to the desk only a few days before [] left); (2) that [], the [] on the desk, who is knowledgeable as to the policies and procedures, has been undergoing an emotional strain due to the serious illness of a roommate; and (3) that SA [] assigned to assist on the desk, was relatively inexperienced in the work and was being utilized as a lecturer much of his time for both National Academy and New Agents' Classes. He had also been assigned for some period on a special project for Mr. Edwards.

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

b6
b7C

Wood advised me that there had never been a refusal or declination on the part of Mr. Edwards to see him concerning any matter but that Edwards, for the greater portion of the early period of time Wood was assigned to the desk, was engaged on committee work in connection with the Agency for International Development and was out of the building and, therefore, it was difficult for Wood to contact or consult with him.

Wood advised me that in connection with the rough draft referred to above that he had asked Mr. Edwards on at least one occasion if he had had an opportunity to read it and was told Mr. Edwards intended to do so immediately. On July 2 or 3 Mr. Edwards, in Wood's presence, gave the memorandum to SA [redacted] [redacted] stating then that he, Edwards, had read it; there were several good thoughts in it; others would require consideration and study; that he, Edwards, had made marginal notes; and requested [redacted] to study and make his comments for the benefit of the Curriculum Committee which was being set up to study the curriculum of the National Academy. Wood stated Mr. Edwards did not discuss the contents of the memorandum with him.

Wood states the rough draft resulted from a request by Mr. Malone to furnish him any thoughts as to improvements in the National Academy and Wood stated it was not intended as a formal request for a change in the curriculum or conduct of the National Academy/^{but} to be used primarily in the study of the curriculum.

Wood stated during the recent recheck inspection he had not mentioned this rough draft since he felt it had been submitted to the proper individual and was only for the purpose of study by the Curriculum Committee, which committee had been approved by the Director. He did not feel there was any improper delay on the part of Mr. Edwards in discussion of the rough draft and Wood felt that when the Curriculum Committee met he could then refer to that memorandum and have all points resolved to his satisfaction. He was a member of this committee and the first meeting to organize the committee was last week with a meeting scheduled for this week to take up the study of the curriculum for the first time.

Wood states that he would not have used the word "conflict" with reference to Mr. Edwards since he has had no conflict with Mr. Edwards and has no recollection of anything he may have said to Mr. Sullivan that may have given an indication of conflict between Mr. Edwards and Wood. Wood reiterated to me that

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

his request to retire was solely based on family circumstances relating to the health of his wife and her mother, both of whom may have cancer, and was not prompted by any other circumstances. He further states that he was not aware of the critical nature of the health problems of his wife and her mother at the time he was assigned as Supervisor of the National Academy Desk and at that time he had no intention of asking to retire.

Inspector Edwards states that to the best of his knowledge and recollection, which he feels are accurate, he has never had any dealings with SA Wood which provided any evidence that there existed any basic conflict of personality between Wood and himself. He states he is familiar with the rough draft referred to by SA Wood, that it was sent to Edwards by Mr. Malone by routing slip dated 6-14-62 on which Mr. Malone requested that Wood's ideas be studied thoroughly by the proposed Curriculum Committee. Edwards states he had suggested the formation of such a committee and that Mr. Mohr indicated agreement and requested a memorandum be prepared. Edwards states that on June 18, 19, and 20 Mr. Malone was absent and he was on his desk; also during this period the semiannual Field Inspectors' Conference was being held and the division was undergoing a recheck inspection as well as having a number of Director's specials to handle. Edwards states he worked with Wood during this period and told Wood that he proposed setting up a Curriculum Committee for the National Academy and asked Wood to canvass each division for recommendations for desired representatives. At this time Wood asked if Edwards had had the opportunity to review the rough draft and Edwards stated he had not but would get to it promptly. The memorandum proposing the Curriculum Committee was dated Thursday, 6-21-62, the day Mr. Malone returned to the city, and Edwards states Wood was present when Edwards dictated the memorandum. It was approved by the Director and received again in the Training and Inspection Division on Monday, 6-25-62. Edwards states he immediately told Wood of the approval and advised Wood that he, Edwards, had reviewed the draft, thought some ideas were good, and, pursuant to Mr. Malone's instructions, he would make sure the Curriculum Committee considered them. Edwards states he had asked Wood if he desired to act as chairman of the committee or, if he didn't, Mr. Edwards intended to propose [redacted] Edwards states Wood preferred [redacted] in view of the pressure of work Wood had to do in connection with the coming National Academy session but Edwards advised Wood that he would be expected to actively participate as a member of the Curriculum Committee.

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

The first meeting of the committee was Thursday, 6-28-62. Mr. Wood was present and Edwards states he specifically asked Wood near the end of the meeting whether he had any ideas, suggestions, observations, or instructions for the committee and that Wood stated he had none at that time. Wood did not mention his draft or the ideas contained therein at this meeting, which was devoted mainly to orienting the committee members as to research necessary on their part to prepare for expected foreign National Academy participants.

Mr. Edwards states that with regard to Wood's statement that he, Edwards, was absent from the office on committee work for a substantial portion of the time while Wood was assigned to the National Academy Desk that this is true and that from approximately 4/27/62, when [redacted] ceased duty, to June 15, 1962, Edwards states he was engaged practically full time as a member of the Technical Subcommittee looking into the Foreign Police Assistance Program, which assignment had been approved by the Director. He states during his absence arrangements had been made with Mr. Malone to see that the work of the Training Section did go on and that from regular contacts Edwards had with Malone he knows that Malone was personally in close touch with Mr. Wood. He feels that it would have been impossible for Mr. Wood to have handled all the details in connection with the National Academy Graduation unless he had had almost daily guidance.

Edwards states that [redacted] did have a heavy schedule, as did employ^{b6} of the entire division; that [redacted] regular responsibilities included a substantial^{b7c} amount of lecture work as well as being alternate to other supervisors on other administrative responsibilities, but Edwards states Wood never indicated [redacted] assignments were interfering with proper supervision of the National Academy Desk. Edwards states the special assignment given [redacted] consisted of a file review and research project concerning foreign police systems and the aid given by the Bureau to foreign police, which information was essential for Mr. Edwards' use with the Technical Subcommittee report on which there was a deadline. Two other Agents were assigned with [redacted] and Edwards estimates the total work did not exceed three days and that, as he recalls, much of the work was done at night and on weekends during the latter part of May.

Edwards emphasizes that he has consistently stressed to Wood that his ideas for improvement of the National Academy program would be most welcome, that being a newcomer would enable him to give the work a fresh look, that the

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts

National Academy is important to the Director, and that any program can and should be improved and kept up to date. Edwards feels the record will bear out that in his supervision of various programs in the Training Section he has been on the side of progressive improvement rather than taking a reactionary viewpoint.

SPECIAL AGENT [REDACTED]

SA [REDACTED] advised me that there has not been, and is not now, a conflict between Edwards and himself and that he has gotten along fine with Edwards and there has not been any occasion for harsh words between them on any subject.

b6
b7C

He stated that he could think of but one item which might have caused any such impression; namely, a letter of censure received by [REDACTED] following an inspection of the Training Division conducted by Edwards in the Summer of 1959.

[REDACTED] stated he was then handling the desk of former Assistant Director Tamm, who was away at a police conference and in the absence of former [REDACTED] who was in the hospital. Several members of the division were on leave and he was handling the mail, scheduling classes, operating the Suggestion Desk, and his time was fully occupied.

A suggestion had been submitted that the Bureau look into a rapid reading course as a possible addition to Bureau training. He had made several inquiries concerning the course and had submitted a memorandum showing these inquiries were made and stating the man necessary to contact was out of the city and would be contacted on his return. The Inspectors looked into the matter and [REDACTED] received a call at home while on leave from one of the [REDACTED] requesting to know what [REDACTED] had done concerning the suggestion. [REDACTED] referred him to the above-mentioned memorandum. On returning from leave, [REDACTED] found a letter of censure indicating he had delayed in handling the matter and it was necessary for the Inspector to point out to him various ways in which the issue could be resolved.

b6
b7C

[REDACTED] felt at that time the latter statement was not correct as no one had actually discussed with him any suggestions for handling the matter but, feeling Mr. Edwards was acting on the basis of information from one of his aides rather than something Edwards had personally handled, he did not make an issue of it and promptly forgot it. [REDACTED] could think of no other situation which could possibly be interpreted to indicate an existence of conflict between Edwards and himself and could not think of any

Memorandum to Mr. Mohr from W. S. Tavel
Re: Allegations of Possible Personnel Conflicts
in Training and Inspection Division

statement which he had made that could be correctly interpreted as critical of Edwards or indicating an existence of conflict between the two. [] states his reason for retiring had nothing to do with his relationship with Edwards or anyone in the FBI but was based solely on a personal decision and his desire to complete his work toward a Doctor of Philosophy degree and a life-long ambition to teach in a university, necessitating his finding employment which would not take so much of his time and permit him to devote himself to his studies.

b6
b7C

Mr. Edwards stated to the best of his knowledge he had never had any dealings with SA [] which provided any evidence there existed any basic conflict of personality between [] and himself.

He stated with reference to the letter of censure mentioned by [] that the handling of this suggestion was the subject of an administrative write-up in his inspection of the Training and Inspection Division in 1959; the Inspector's Aide who handled the matter was former Special Agent [] and the write-up given to the division for their reply pointed out in considerable detail the Inspector's views concerning the inadequate handling of the matter by [] and suggested a number of specific steps which the Inspector felt should have been taken. The reply by the Training and Inspection Division, in the form of an addendum from former Assistant Director Tamm and bearing his personal initials as approving it, in substance indicated that the division would carry out the steps suggested by the Inspector. Mr. Edwards feels he had a right to draw the conclusions which formed the basis for the letter of censure and it was up to the Training and Inspection Division as to whether they deemed it necessary to contact [] at that time and discuss the points raised or to answer without consulting him. Their answer does not indicate whether they consulted him but Mr. Edwards feels he had the right to assume the division was speaking for [] in submitting the addendum. Edwards states [] never alluded to this matter in discussion with Edwards and he knew of no official complain [] ever made concerning it until my interview with him on 7-5-62. Edwards states he observed no evidence that this interfered in any way in his dealings or relations with []

b6
b7C

b6
b7C

Edwards also states he is personally concerned that the Bureau has had to inquire into whether or not [] Wood, or [] were motivated in retiring for reasons other than those expressed by them, but he is not concerned as to the existence of any evidence supporting a conflict because he is convinced that none exists.

Re: [REDACTED]

Dear Mr. Hoover:

I am enclosing a letter which I received from [REDACTED] of the Special Committee on Communist Tactics, Strategy and Objectives, dated June 7, 1962. Attached to this was a summary of [REDACTED]. It shows on page 2 employment with the Bureau from 1944 to 1952. He claims he was an Administrative Supervisor and supervised "the administrative duties of some 25 employees. Held 'Top Secret' security clearance. Technical and detailed work of a sensitive nature in close relationship to the office of FBI Director."

I do recall that [REDACTED] was in the mailroom at one time and was a tour leader, but he was never an agent. In the next paragraph of his brochure under the caption "Public Relations," he claims that for 3 years he represented the FBI before the public and among other things was "Assigned to prepare FBI Training Manual for use in training personnel selected for public relations work."

Unless I am getting old and forgetful (which could be the case), I do not believe that we ever had a manual to train people and personnel involved in public relations work. I think that [REDACTED] is engaging in a little sales puffing.

If my recollection is correct, [REDACTED] was not the most stable person on earth and at times was inclined to be erratic. My curb-stone opinion is that I would want to know a lot more about his activities during the past 10 years, before approving

him for an important position with the ABA Special Committee on Communist Tactics, Strategy and Objectives which will be supported by a grant to the Committee from one of the Foundations.

I, of course, did not interpose objections since [] states that [] "is personally and favorably known" to Lynn Edwards. Frankly, I have difficulty believing that Lynn would let himself go on record for []

I am calling this to the attention of the Bureau because I suspect that [] association with the Bureau will be the subject of publicity in view of comments which he himself has made about his service in the Bureau. I hope I am wrong, of course, about the whole matter.

This is a brief summary of Mr. Edwards' record for the Director's use.

He entered on duty on 2-10-41, as a Special Agent and is presently assigned to the Training and Inspection Division as #1 Man and Inspector in Charge of the Training Section. He is 47 years of age, is married, and has 1 child. He is in Grade GS-17, \$17,050 per annum. His overtime performance is satisfactory and he does not list an office of preference. On 3-31-62, Mr. Malone rated him SATISFACTORY.

During his Bureau career he has been CENSURED and COMMENDED on several occasions. By letter dated 3-14-62, he was CENSURED inasmuch as he shared the responsibility for several weaknesses which were found in the operation of the Training and Inspection Division during an inspection, particularly in administrative procedures dealing with the delivery of mail and a failure to promptly submit a memorandum for the Bureau's attention concerning a New Agent who was found to be overweight. During a recheck inspection of the Training and Inspection Division he was CENSURED by letter dated 6-29-62, inasmuch as it was noted that several incidents had occurred recently which pointed up the need for closer supervision of training matters under his jurisdiction. There had been some indication that the National Academy Associates were slipping away from the guidance of the Bureau and the failure to insure that a Bureau representative was appointed to a state police training commission was most disturbing. Furthermore, he was not aware of the unavailability or personal misconduct of a former firearms instructor nor had he detected a highly undesirable attitude on his part which he exhibited when recently interviewed by a Bureau official. It was obvious that this man was not properly supervised or indoctrinated. It is noted that by letter dated 9-5-61, he was CENSURED AND PLACED ON PROBATION inasmuch as a number of the new Special Agents undergoing training had exhibited serious defects in their personal appearance and personality and it was obvious that appropriate action was not taken during the course of their training with respect to these shortcomings. As Inspector in Charge of their training, it was his responsibility to make certain that such action was taken and he failed to do this. He was REMOVED FROM PROBATION on 12-15-61. He was last COMMENDED on 8-23-62, for his excellent performance in initiating the Specialized Schools on Searches and Seizures.

RE: H. LYNN EDWARDS
Training and Inspection Division

Memorandum from Assistant Director Tavel to Mr. Mohr dated 7-6-62, set forth the results of his inquiry into allegations that former [redacted] and SAs Roy E. Wood and [redacted] requested retirement because of difficulties with Inspector H. L. Edwards. Assistant Director Sullivan had previously advised [redacted] that SA Wood had told him (Sullivan) that he was retiring because of conflicts with Edwards (in charge of the Training Section of the Training and Inspection Division); that Wood had been unable to get certain recommendations past Edwards, and had become completely frustrated. Mr. Sullivan had also informed [redacted] that one of Sullivan's assistants had indicated to Sullivan that former [redacted] had some difficulty with Edwards and it was Sullivan's understanding that SA [redacted] who recently requested retirement, had also indicated some conflict with Edwards. Mr. Tavel concluded from his inquiries into this matter that apparently Mr. Sullivan received a different impression from Wood's comments than Wood intended to convey: that Wood, [redacted] and Edwards denied any conflicts and Wood and [redacted] stated their retirement requests were based solely on personal reasons, that Wood was satisfied with the handling of his ideas on the National Academy and stated there was no improper delay on the part of Edwards. The Director noted, "I am not at all impressed with the penetrativeness of this inquiry. Wood's own statements indicate an unhealthy condition in Training and Inspection Division." (Wood indicated during the inquiry that he felt improvement could be made in the National Academy (NA) program; that while he was not certain he used the word "frustrated" he did tell Mr. Sullivan that the NA Desk was difficult due to his being new on the desk with little orientation and the fact that Inspector Edwards, during the greater portion of Wood's early assignment to the NA Desk was engaged on a special assignment out of the building and difficult to contact or consult.)

The Director saw Inspector Edwards on 9-18-59, at which time Edwards expressed appreciation for his transfer to the Training and Inspection Division. The Director told him he wanted him to take hold vigorously of all matters under his supervision, re-evaluate the same, and endeavor to bring about an improvement in the operations that he was responsible for.

Mr. Edwards celebrated his 21st Anniversary in the Bureau on 2-10-62.

b7C

On 6-6-62, Mr. Edwards reported he had been contacted on 6-5-62, by an official of the American Bar Association (ABA) who stated former Bureau Employee [redacted] was being considered for a staff position with the ABA Special Committee on Communist Tactics, Strategy and Objectives. Inquiry was made as to whether FBI endorsed [redacted] Mr. Edwards said that although [redacted] services were satisfactory, we never endorse a former employee. The Director commented, "This is news to me. I think it is wrong to make such a sweeping statement." The Director also commented, "Certainly we would not recommend [redacted] for he has been out of Bureau for many years." It is noted that [redacted] entered on duty 12-18-44 and resigned voluntarily on 2-1-52. At the time of his resignation he was Supervisor of the Bureau Mail Room, Grade GS-4, \$3495 per annum. His services were satisfactory.

b6
b7C

On 6-21-62, former Assistant to the Director Louis B. Nichols forwarded a letter from the Chairman of the ABA Special Committee on Communist Tactics, Strategy and Objectives which had attached a personal summary furnished by [redacted] Among other things, [redacted] claimed he was an administrative supervisor, did work of a sensitive nature closely related to the Director's Office, and was extensively engaged in public relations work for the Bureau. A Chairman of the Special Committee appeared favorably impressed by [redacted] stating, he [redacted] "is personally and favorably known" to Mr. H. Lynn Edwards. Mr. Nichols expressed surprise that Mr. Edwards would so "go on record."

b6
b7C

On 7-12-62, Mr. Edwards, in connection with the above, advised he had pointed out to ABA official "puffing" in [redacted] personal summary. He made it clear that [redacted] was a clerk and his services had been satisfactory. He had informed ABA official that he did not recommend [redacted] for the proposed ABA employment. The Director commented "Certainly anyone putting out such a phony brochure as [redacted] did would or at least should indicate his unfitness for this position. If hired it will not solidify the relationship between the FBI & this Committee." Mr. Nichols letter of 7-6-62, was acknowledged 7-13-62, and he was informed that the Bureau's position must be that the question of employment of [redacted] was one for ABA authorities to decide.

b6
b7C

On 8-31-62, Mr. Nichols in a letter to Mr. Tolson stated he had opposed employment of [redacted] as Staff Director but did not oppose his employment in a clerical capacity. Mr. Nichols stated he told [redacted] about his feelings in the matter and that his representations gave a false impression. [redacted] claimed he had shown his personal summary to Mr. Edwards. Mr. Nichols commented Mr. Edwards did not endorse or recommend [redacted] and surely had made it clear to ABA official they must make their own decision. Mr. Nichols stated [redacted] informed he had learned about the job through Mr. Edwards.

RE: H. LYNN EDWARDS
Training and Inspection Division

The Director commented, "I think it was wrong for Edwards to have in any way informed [] about the job. I look upon [] as a complete phony. We will have to be more circumspect with ABA." The Director later commented, "I am quite concerned about the ABA Committee with which we have worked in hiring []. It certainly is no indication of friendliness to the FBI but to the contrary is an act of hostility. I want henceforth most circumspect dealings with this outfit. It is regrettable that all the time and effort we have put in to assist this committee is so little appreciated as indicated by its recent action in giving [] a job." Nichols letter was acknowledged 9-7-62.

b6
b7C

By memo dated 9-5-62, Mr. Edwards clarified this matter, stating that he had pointed out to the committee the FBI did not approve of [] "puffed up" personal summary, that it had been made clear the Committee would have to decide [] case on its merits. Mr. Edwards stated he gained the impression Mr. Nichols was making a personal "vendetta" against []. Mr. Edwards was advised by the Committee Chairman that if the Bureau objected, [] would not be hired. Mr. Edwards informed him the Bureau did not want to be placed in such a position. The Chairman specifically asked Mr. Nichols if he had further misgivings about [] who would be limited to clerical duties. Mr. Nichols had none and was willing to make the decision of the committee unanimous. Mr. Edwards stated he regretted the Director had gained the impression that the Committee's action indicated hostility to the Bureau. Mr. Edwards was positive they would take no action contrary to the Director's wishes. The Director commented, "I can't for the life of me understand why of all persons they have to pick out a liar like [] for the job. I don't think it was proper for us to take such a non-committal position in view of the inflated biography of this phony."

Dear Clyde:

I certainly appreciated the card which the Boss and you sent me from the Del Charro. I do hope that you both had a very pleasant time - that the mail was not too heavy and that the emergencies were at a minimum. I still have vivid memories of the month of August, which I always dreaded because of the grief that inevitably arose.

[redacted] and I spent a weekend in San Francisco at the American Bar Association meeting and then went up to Seattle for a couple of days at the Fair. It was a very pleasant diversion.

I presume you have heard by now the results of the [redacted] situation. There was a rather heated discussion on him and I quite frankly interposed a rather vigorous opposition to his employment as staff director. I did relent somewhat in view of developments and agreed not to interpose opposition to his employment in a clerical capacity. A Committee of three was designated to outline [redacted] duties and the [redacted] showed his political sense by appointing me to the three man Committee.

I felt that in good conscience I should tell [redacted] face to face the details of my objection to him. This I did without pulling any punches. He was somewhat taken back but thought that my criticism of his resume was unjust and claimed that he had shown it to Mr. Lynn Edwards. He further made the claim that he learned about the job through Mr. Edwards, who directed him to [redacted] and obviously under these conditions there was very little that I could do so far as not interposing objections to him being employed in a clerical capacity. Lynn of course did not endorse or recommend [redacted] and I am sure he made it crystal clear to [redacted] and others in the A.B.A. that they had to make their own decision...

As to [redacted] justification, I told him quite bluntly that his representations conveyed a false impression; //

SEP 19 1962

Mr. Clyde Tolson:

that he was not engaged in public relations at the Bureau, because there was no public relations work in the Bureau; and that his representation that he had prepared a manual was completely "cockeyed". His explanation was that this was prepared for people outside of the Bureau not within. I told him quite frankly not to insult what little remaining intelligence I had.

In my judgement there will be trouble if [redacted] goes beyond any clerical function and I intend to have more to say about this at a later date when I see [redacted]

b6
b7C

[redacted] demonstrated his true colors as you have heard by now. I personally never cared for him and deliberately stayed away from some of the meetings during this past year.

I do hope the Boss and you are feeling fine. I am still looking forward to the opportunity of seeing you both.

With every good wish.

Sincerely,

Mr. Clyde A. Tolson

Memorandum

TO : MR. MALONE

DATE: September 5, 1962

FROM : MR. H. L. EDWARDS

SUBJECT: AMERICAN BAR ASSOCIATION (ABA)
STANDING COMMITTEE ON EDUCATION AGAINST COMMUNISM

[REDACTED] FORMER CLERK

This memorandum is submitted in response to the Director's two routing slip comments on former Assistant to the Director L. B. Nichols' letter of 8/31/62 to Mr. Tolson, which summarized action taken concerning the employment of former clerk [REDACTED] by the ABA Standing Committee on Education Against Communism at the recent annual ABA meetin in San Francisco.

In the light of developments, I certainly agree with the Director's comment that it was wrong for me to have informed [REDACTED] of the possible lead for employment with the committee, then [REDACTED]. However, as I indicated in prior memoranda concerning this situation, and as Mr. Nichols indicates in his latest letter, I did not in any way endorse or recommend [REDACTED] and I did make it crystal clear to [REDACTED] and all others concerned that the most that could be said was that [REDACTED] record as a clerk in the Bureau was satisfactory; that he was [REDACTED] years of age when he left the Bureau; that he has been out of the Bureau for more than 10 years, and since we had no way of knowing what supplemental qualifications, experience, and performance record he had built in the meantime, the committee would have to look to [REDACTED] solely on his own merits and make their own decision with regard to whether he was qualified for any staff needs they might have. [REDACTED] and then [REDACTED] personally interviewed [REDACTED] on their own and [REDACTED] authorized [REDACTED] to employ [REDACTED] on a temporary month-to-month consultant basis, pending a determination as to more permanent employment at the San Francisco annual meeting. [REDACTED] was hired for certain clerical administrative duties to the committee and not as a staff director. The file shows clearly that the Bureau has consistently held to the position throughout the negotiations on [REDACTED] that we could not recommend him since he has been out of the Bureau for so many years. This was confirmed in the Bureau's letter of 6/27/62 to [REDACTED] Nichols when the issue was first raised, and in that letter Mr. Nichols was told, "...I am sure you will agree that basically the problem is one for the American Bar Association authorities and the committee in question." In a letter written by the current [REDACTED]

Memo for Mr. Malone

Re: ABA, Standing Committee on Education Against Communism

dated 6/21/62 (copy in file) [] states, "I learned on inquiry (i. e. from the FBI) that [] was only a clerk in the FBI and while he had a good record, they have insisted that they in no way endorse or urge his selection. This is a matter in which they desire to express no opinion other than the factual report on his service in the Bureau which occurred some years ago."

b6
b7C

At the San Francisco committee meeting, the issue of [] continued employment was brought up. [] had been brought to San Francisco on [] authority in [] capacity as temporary staff consultant, but was excused from the meeting during this discussion. [] was familiar with the entire background of [] case and stated that he had gone over every detail of it with [] past []. He was familiar with the "puffing up" of [] brochure (copy attached) concerning his prior Bureau employment and said he had interviewed [] point by point concerning just what he had done in the Bureau. [] said that he had been able to utilize [] in a number of essential clerical administrative functions under [] as []. He had drafted a proposed job description covering [] proposed duties and was satisfied they would be completely consistent with his prior experience and educational qualifications and would in no way give him responsibility for matters of policy. [] said he would personally, through the committee, handle all matters of policy. However, he said the committee had suffered in the past for lack of a clerical and administrative staff and this had been one of the drawbacks which had plagued []. He said that if the committee was satisfied to take [] on these terms, he would favor giving him an appointment for six months during which time he would have an opportunity to prove himself. Other members of the committee favored a minimum period of one year, in fairness to the committee and [] and this was ultimately the unanimous decision.

b6
b7C

Mr. Nichols vigorously opposed his being hired as a staff director with any administrative or policy responsibility. It seemed Mr. Nichols had acquired the impression [] was thinking in terms of this type of employment for [] apparently because [] had not clarified the matter in his letter to the committee members. Mr. Nichols based his objection on his personal knowledge of [] employment in the Bureau, which was in the division then headed by Mr. Nichols and Mr. Nichols also made a big issue of [] inflated reference to his prior Bureau employment in his brochure. Mr. Nichols felt the work of the committee was so important that the position of staff director should not be entrusted to anyone of [] qualifications. Very frankly, I gained the impression in sitting and listening to Mr. Nichols that he was

b6
b7C

making a personal vendetta against [redacted] in an effort to impress the committee with his (Nichols') former official connection with the Bureau. In fact, Mr. Nichols tried to magnify [redacted] lack of qualifications, by indicating that while employed under Mr. Nichols' supervision he had made a number of mistakes and had exhibited immaturity and had been reprimanded on a number of occasions. [redacted]

[redacted] asked me if I was familiar with [redacted] Bureau record and I told [redacted] that as we had indicated before, [redacted] Bureau clerical record as reflected in his file was satisfactory and that although there may have been occasions when Mr. Nichols had to reprimand [redacted] his over-all performance record, as we had previously indicated to the committee, had been satisfactory when he left the Bureau. (The file completely bears this out and rather than indicating any censures, reflects certain commendations and a number of letters of appreciation for valuable suggestions.)

b6
b7C

At this point, although not a member of the committee, I asked to be heard. I pointed out to the committee that the FBI did not condone [redacted] inflated, puffed up reference to his prior Bureau employment. I told them it represented grossly poor judgment by [redacted] but inasmuch as we had already made it quite clear [redacted] was nothing more than a clerk in the Bureau and that it had been more than 10 years since [redacted] had been employed by us, the Bureau had taken the position that the committee would have to decide [redacted] case on its merits based on an over-all evaluation of his qualifications.

[redacted] then spoke up and said that if the Bureau were to ask him not to hire [redacted] he would not hesitate a moment in acceding to the Director's request. I told [redacted] and the committee that I was sure the Director would deeply appreciate this expression of complete confidence in the Bureau, but that at the same time I was sure the committee could appreciate the fact that we would not want to be placed in the position of "black-balling" a man's career on this basis alone. [redacted] said that he was quite familiar with the outstanding cooperation received from the Bureau by the ABA and particularly the committee dealing with Communism and he wouldn't have undertaken the position of Chairman of the committee if he had felt that he couldn't continue this splendid working relationship. He said he had not been influenced in his desire to continue [redacted] as a clerical staff assistant by reason of [redacted] employment 10 years ago as a Bureau clerk although he was confident [redacted] must have had a loyal background to have been hired and retained by the Bureau. He assured me and the committee that in any dealings with the committee the FBI would deal with the Chairman.

b6
b7C

Memo for Mr. Malone

Re: ABA, Standing Committee on Education Against Communism

Thereafter [redacted] pointedly asked Mr. Nichols if he had any further misgivings about [redacted] realizing that [redacted] would be limited to clerical administrative duties. Mr. Nichols said he had none and that he was completely willing to make the decision of the committee unanimous. [redacted] appointed a three-man subcommittee including Mr. Nichols to meet with [redacted] thereafter and advise him clearly of his status, which was done and [redacted] reported at the next session of the committee that everything had been ironed out to complete satisfaction.

b6
b7C

b6
b7C

In the light of the foregoing I regret that the Director has gained the impression the committee's action in continuing [redacted] for the next year was an indication of hostility to the Bureau. I am positive that [redacted] and the committee would have taken the reverse action if they had felt that their continuing [redacted] in a clerical capacity would have been contrary to the Director's desires. As I previously reported in communications covering the San Francisco meeting, [redacted] was a most aggressive supporter of the committee report commending the Director's forthcoming book, and has plans for giving it much greater support as soon as it is off the press.

On 8-31-62, Mr. Nichols in a letter to Mr. Tolson stated he had opposed employment of [redacted] as Staff Director but did not oppose his employment in a clerical capacity. Mr. Nichols stated he told [redacted] about his feelings in the matter and that his representations gave a false impression. [redacted] claimed he had shown his personal summary to Mr. Edwards. Mr. Nichols commented Mr. Edwards did not endorse or recommend [redacted] and surely had made it clear to

ABA official they must make their own decision. Mr. Nichols stated [redacted] informed he had learned about the job through Mr. Edwards. The Director commented "I think it was wrong for Edwards to have in any way informed [redacted] about the job. I look upon [redacted] as a complete phony. We will have to be more circumspect with ABA." The Director later commented, "I am quite concerned about the ABA Committee with which we have worked in hiring [redacted] It certainly is no indication of friendliness to the FBI but to the contrary is an act of hostility. I want henceforth most circumspect dealings with this outfit. It is regrettable that all the time and effort we have put in to assist this committee is so little appreciated as indicated by its recent action in giving [redacted] a job." Nichols letter was acknowledged 9-7-62.

By memo dated 9-5-62, Mr. Edwards clarified this matter, stating that he had pointed out to the committee the FBI did not approve of [redacted] "puffed up" personal summary that it had been made clear the Committee would have to decide [redacted] case on its merits. Mr. Edwards stated he gained the impression Mr. Nichols was making a personal "vendetta" against [redacted] Mr. Edwards was advised by the Committee Chairman that if the Bureau objected, [redacted] would not be hired. Mr. Edwards informed him the Bureau did not want to be placed in such a position. The Chairman specifically asked Mr. Nichols if he had further misgivings about [redacted] who would be limited to clerical duties. Mr. Nichols had none and was willing to make the decision of the committee unanimous. Mr. Edwards was positive they would take no action contrary to the Director's wishes. The Director commented, "I can't for the life of me understand why of all persons they have to pick out a liar like [redacted] for the job. I don't think it was proper for us to take such a non-committal position in view of the inflated biography of this phony."

MEMORANDUM FOR MR. TOLSON

On October 1, 1962, I saw Inspector H. Lynn Edwards, who has been designated Number One Man to the Assistant Director in charge of the newly established Inspection Division.

Mr. Edwards called to see me because of the recent change which has been made and the impression he had that I was not entirely satisfied with the way he handled certain matters with the American Bar Association.

I told Mr. Edwards quite frankly I had been most dissatisfied with the manner in which the Training and Inspection Division had been operated and for that reason decided to divide it into two different divisions, one handling training and one handling inspections.

b6
b7C

As regards the matter concerning the American Bar Association, I told Mr. Edwards I did not think he had handled the matter dealing with [redacted] in a proper manner. I stated I considered the appointment of [redacted] by the committee of the American Bar Association to be unfriendly action toward the FBI. I stated it was obvious [redacted] was both a liar and a phony, and I thought he, Mr. Edwards, could certainly have indicated more strongly the desirability of the committee looking further in selecting someone to be designated on its staff.

I also told him I did not like the situation which developed in connection with the speech made by [redacted] of the American Bar Association at its annual convention in Los Angeles last August. I stated that if he, Mr. Edwards, had had proper contact with [redacted] I believe it would have been possible for Edwards to have seen [redacted] speech before it was delivered. I stated that portion which criticized the Federal Fugitive Felon Act was certainly not based upon fact and reflected upon the FBI.

Very truly yours,

J. E. H.

Dear Mr. Hoover:

Thank you for your characteristic thoughtfulness in remembering me on my Twenty-second Anniversary which came this year on Sunday, February 10, 1963. In all sincerity I can say that the privilege of continuing to serve you in the Bureau is a responsibility to which I look forward with pleasant anticipation as each new day approaches, and I hope to justify your continuing confidence in me for years to come.

May you be blessed with good health and the inspiration to remain in your position of leadership for many, many years. I am merely echoing the sentiments of thousands of American citizens whom I meet in my travels over the country when I say that it is impossible to imagine what perils might face this Nation's security without your wise guidance.

Sincerely,

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Dear Mr. Hoover:

I have enclosed the Citation and accompanying
Honorary Membership Certificate awarded you by the Fellows
of the American Bar Foundation at their Seventh Annual Dinner,
February 2, 1963, in New Orleans. I thought you might also
like to have a copy of the Dinner Program which I have included.

It certainly was a tremendous privilege for me
to be able to accept this distinctive honor in your behalf, although
certainly your inability to be present was a source of keen regret
by all of those in attendance. I am sure it would have been heart-
warming for you to have been able to witness the spontaneous
and sincere enthusiasm of those at the banquet when your name
was announced by [redacted] as the Fellows'
selection for Honorary Membership, and when [redacted] read
the Citation, it was quite apparent that everyone thoroughly
approved of the tribute paid you.

[redacted] and I were certainly proud to have
so many key members of the entire American Bar Association
voluntarily come up to us during the period of the midyear
meeting and express their hearty congratulations on your selection
for this award.

The thought occurred to me that after you have
had an opportunity to see the Citation and Honorary Membership
Certificate you might like to have a photograph depicting your
receipt of the Citation and Honorary Membership Certificate from
me. I feel confident the American Bar Foundation would appreciate

The close-out meeting concerning captioned postaudit was held with the three Civil Service Commission (CSC) inspectors involved in Mr. Mohr's Office on 11-6-63, and the purpose of this memorandum is to outline the results of the postaudit as reported by them at the meeting. The auditors were [redacted]

[redacted] who did not actively participate [redacted] senior of the two-man participating team; and [redacted] The audit involved interviews with 16 Assistant Directors or Section Chiefs in order to get their over-all views on, participation in, etc. the Bureau's position classification program and a study of a sampling of 93 position descriptions in the Position Classification Office (PCO) and consultation thereon with PCO representatives. This position description review in PCO was in lieu of heretofore usual on-site desk audits.

The review of the audit presented by [redacted] was most complimentary to the Bureau and she said it was a pleasure working with Bureau personnel and for them to inspect an organization where everything was so uniformly businesslike and efficient. They were most appreciative of the help and assistance rendered, and the following summarizes her comments on what they looked into. Based on the interviews with officials, praise was high on how well informed management is on position classification matters and extent to which position descriptions are utilized for effective management. They were very much impressed with the officials. (As an aside it should be noted that in connection with briefing the officials, they were very interested, cooperative, and determined to carry off the interview to the Bureau's advantage which they did (enclosure lists the officials.))

Of the 93 positions sampled, the auditors had questions on 52 on 40 of which they desired to know basis for GS grade. This dictated our assigning the individual questions to PCO Classifiers to work up the Bureau's position and present same to the appropriate auditor. All questions as to grade level were satisfactorily resolved with the auditors. [redacted] said it was obvious the Classifiers had sound knowledge of CSC position classification standards, knew how to apply them, were intimately familiar with the positions involved and their scope and relationship to the organization involved, and had a positive approach. She said the quality of the presentations and

impressions conveyed by the Classifiers allowed the auditors to rely heavily on the Classifiers in areas where judgmental factors were significant to the extent that on-site desk audits were obviated. She said the Classifiers do "a real professional job." The written CSC report will show some changes such as in title and series but none objectionable to the Bureau. [redacted] pointed out the changes do not necessarily stem from heretofore inappropriate titles and series, but express evolution of CSC thinking.

[redacted] remarked they were impressed with the fact that wherever they went morale seemed to be high and employees very enthusiastic. They enjoyed and expressed appreciation for tour of the Bureau participated in by Assistant Director Conrad and Section Chiefs William D. Griffith and [redacted] the tour at Quantico directed by SAC Sloan; and the National Academy Graduation for which special and excellent seats were arranged by the Training Division. The three auditors agreed they sincerely wished all of their close-out meetings were as pleasant as this one.

RECOMMENDATIONS:

1. That individual letters of commendation be sent to the PCO Classifiers who contributed so significantly to the success of the audit through their individual presentations. They are [redacted] who directed preparation of all presentations and sat in on almost all of them [redacted]

and [redacted]

2. That three PCO employees who handled clerical and typing work be sent individual letters for their contribution. The presentations involved considerable typing and clerical work which had to be done along with regular work of the office. They pitched right in and were definitely a part of and an asset to the team making the presentations. The three are [redacted] and [redacted]

NUMBER ONE MAN - INSPECTOR
INSPECTION DIVISION**

As Number One Man in the Inspection Division, Mr. Edwards' responsibilities consist of both inspection assignments and liaison with the American Bar Association, National Association of Attorneys General, National District Attorneys Association and Federal Bar Association National Law Observance Committee. In his dealings with these various groups, Mr. Edwards is at all times extremely alert to protect and safeguard the best interests of the Bureau and has developed a great number of high caliber contacts which he handles in a superior fashion.

During the rating period he was in charge of inspections in the Los Angeles, Mexico City, Miami and Washington Field Offices, as well as in the Records and Communications and General Investigative Divisions and directed these inspections in a flawless manner. He was particularly penetrative and probative in his analyses and was instrumental in instituting a number of valuable streamlining procedures which have resulted in a substantial saving in personnel time.

He presents an impressive appearance and has a fine personality which make him a splendid Bureau representative. He is intensely interested in his work and is unquestionably loyal and dedicated. He has had a wealth of experience in the personnel field and does an unusually fine job in coping with the most difficult and involved situations. He is exceedingly accurate, has exceptional initiative and judgment and has displayed great resourcefulness and ingenuity in carrying out his obligations.

Mr. Edwards has a tremendous attitude and hours mean nothing to him when he is delegated a given task. His paper work is prepared in a superb manner and requires little, if any, supervision. He is fully qualified to lead or participate in raids and dangerous assignments. Based on his over-all performance he definitely merits the rating of Outstanding for the period April 1, 1963, to March 31, 1964.

Dear Mr. Hoover:

Thanks ever so much for your letter advising me of the Outstanding Performance Rating and the Incentive Award you approved for me. The check enclosed with your letter means much to me, but of greater significance, believe me, is the fact that my efforts during the performance rating period have met with your approval.

I would be remiss if I didn't add that my work was made easier by having the benefit of the guidance and inspiration of you and Mr. Tolson and the excellent counsel of Assistant Director James H. Gale and [redacted] among others.

I assure you I will do everything in my power to make the future performance of my duties measure up to this rating.

At approximately 4:40 PM today Inspector H. L. Edwards came into my office, at which time he was gasping for breath and complained of difficulty in breathing and had a tightness in his chest. Mr. Edwards was examined by three doctors at the George Washington Hospital after being taken there by an ambulance from the office upon complaining of chest pains and a shortness of breath. These doctors compared the electrocardiogram they took with previous ones and advised that there were no significant changes. They could find nothing organically wrong with Mr. Edwards and came to the conclusion that apparently he had an attack of indigestion. He was released from the hospital to go home.

Mr. Edwards was subsequently examined by his personal physician, *[redacted]* who reached the same conclusion as the doctors at George Washington Hospital. *[redacted]* requested Mr. Edwards to see him between 9:00 AM and 10:00 AM this morning just to make doubly sure that there is nothing wrong with him.

HEALTH MATTER

Mr. Edwards was again examined by [redacted] this morning to make doubly sure that the incident which occurred yesterday was not serious. [redacted] indicated that he felt that Mr. Edwards had had an attack of acute indigestion yesterday. The doctor gave Mr. Edwards another electrocardiogram which showed that his heart was in excellent condition.

[redacted] said that in view of the episode which occurred yesterday, and as a precautionary measure, he would recommend a GI series to test to see if Mr. Edwards had any trace of an ulcer, gall bladder difficulty or pancreas deficiency. He advised that he also thought that Edwards should have his prostate gland checked further, although he said it does appear to be normal.

* Mr. Edwards is due for his annual physical examination and efforts will be made to make arrangements to have these tests made at Bethesda next week on an out-patient basis.

This is to advise that today (5-8-64) I was advised all of my physical tests taken at the National Naval Medical Center, Bethesda, this week were negative. I feel fine; I have had no recurrence of the episode of Thursday, 4-30-64. I am scheduled to have a final consultation with my personal physician this evening merely to make available to him the results of the tests and to obtain his clearance to be absent from the city for two weeks. I am sure there will be no problems encountered there.

Unless advised to the contrary, I will proceed with the inspection assignment I am scheduled to begin Monday morning, 5-11-64.

Inspector H. L. Edwards had been scheduled to represent the Bureau in a liaison capacity at the captioned annual meeting which is being held at the Royal Hawaiian Hotel. It will not be possible for him to attend. In lieu thereof, the Bureau is designating you to represent it throughout the entire conference. You should make appropriate arrangements through the host who is the Attorney General of Hawaii, Mr. Bert T. Kobayashi. You should report on a current basis throughout the meeting any pertinent items of interest to the Bureau and at the termination of the meeting submit a summary report, enclosing any material of interest such as manuscripts of speeches or other documentary information which would be valuable to retain for record purposes. Should any controversial items arise, you should insure that the Bureau's interests are immediately and completely protected.

Inspector Edwards will communicate with you in greater detail concerning specific individuals you should be especially alert to, as well as any other guidance which will be helpful to you in handling this assignment.

Legal Attache [REDACTED] of Manila is scheduled to begin his home leave 5-28-64 returning to Manila 7-29-64. His home leave point is in Connecticut and is scheduled for Three-Day Conferences at the Seat of Government commencing 6-22-64. It has been approved that [REDACTED] will be replaced during his absence from Manila by [REDACTED] of Tokyo. The home leave and conferences of [REDACTED] were approved for the above specified dates after he had pointed out that the public school schedule in the Philippine Islands calls for summer vacations to commence in May and end 7-31-64. [REDACTED] has a school age son with him in Manila and a [REDACTED] at New Haven, Connecticut. The period in question would be the only time [REDACTED] could have his whole family with him during his home leave.

Inspector H. L. Edwards is scheduled to attend the annual meeting of the National Association of Attorneys General June 12 through June 17, 1964 at Honolulu, Hawaii. In view of the distance involved in traveling to Honolulu it was approved that Mr. Edwards schedule Honolulu, Manila and Tokyo for inspections while on this trip. This would mean, however, that [REDACTED] home leave should be cancelled so that he could be on hand during the inspection of his office. In view of the reasons outlined above for approving [REDACTED] home leave at this particular time it is not felt that it would be fair to cancel it and then reschedule him at a later date when he would be unable to have his family with him.

It is suggested that instead of Edwards representing the Bureau at the meeting of the National Association of Attorneys General in Honolulu that the Bureau be represented by Special Agent in Charge Frank L. Price of Honolulu and that the Tokyo, Manila and Honolulu offices be inspected later in the year when normally due, it being noted the last series of inspections in those offices were completed September 7, 1963. Assistant Director Gale has checked with Inspector Edwards who is currently inspecting the Philadelphia Office and no reason is known as to why SAC Price could not properly represent the Bureau at this year's annual meeting of the National Association of Attorneys General.

Inspector was referred to this facility for physical exam because of recent episode syndrome, occurring on Thursday evening, April 30, 1964. The history, according to the patient - On the afternoon as stated Mr. Edwards had eaten a Pastrami sandwich at approximately 1400 hours, was working in nonexertional but "tension laden" duties, and noted^{at} about 1630 hours, the onset of gaseous distension of the abdomen, followed by "pressure like" sensation in chest, some dyspnea, and paresthesias of both the hands, distal portions of palynges. He states that he became quite anxious at this point, felt like he might "pass out" so had some Ammonia Inhalant which seemed to "make him feel worse". He was then given oxygen per face mask, transferred to the Emergency

room of G. M. Hospital, Washington, D.C. Whereupon he was seen by two attending physicians who took an EKG. He states that no EKG abnormalities were demonstrated at that time other than a non-specific tachycardia. (Previous EKG's were available for comparison). He relates that he was then turned over to his personal physician who felt his condition was not cardiac in nature, & was sent home at that time. He apparently returned to see his private physician on the next Am (1 May 1964), was re-examined, another EKG was taken with no finding of significance. It was then felt that the episode was likely due to either gastritis or pancreatitis.

Past History. The FBI Inspector denies any similar previous episode but admits to frequent indigestion manifested usually by post-prandial "gaseous distension" and an "acid taste in the mouth". No

history of paroxysmal nocturnal dyspnea, orthopnea, chest pain.

He has a negative history of food intolerance. In review of systems it is pertinent to find that this man has a hx of "low Blood pressure". He reports that 10-15 years ago upon annual P.E. he was found by BMK to have presumable hypothyroidism. For past 3-4 years, he has been on 50mcg of Cytomel per day in divided doses.

Has had past history of exophytic lesion of left great toe treated by xylocaine and cortisone injections without any significant recurrence.

Mr. Edwards reports a like for warm weather, admits to perspiration, and occasional drowsiness. Weight has been stable by history and he denies any history of bowel irregularity except when traveling on long extended trips.

ASAC [redacted] in the New York Office today received a phone call from Judge Lumbard who wanted to know whether Inspector H. Lynn Edwards and former SAC James J. Kelly are members of the Bar, and if so, from what state. He indicated the Director had recently passed along to him those two names in connection with the "Minimum Standards" Committee which he heads.

It will be recalled the Director wrote to Judge Lumbard 10-16-64 in response to his letter and at the Judge's request the Director furnished the names of numerous individuals representing a good geographical cross section of law enforcement whom the Judge might want to consider as members of various sub-committees to be set up to look into specific areas of the administration of criminal justice. The names of Edwards and [redacted] were included.

Edwards is a member in good standing of the Bar of the State of Pennsylvania and as the Judge was advised in the Director's letter is a member and quite active in the American Bar Association. [redacted] according to his file, is a member of the Bar of the State of New York, and was in good standing as of the date of his retirement, 3-3-61.

[redacted] The foregoing information was telephonically given to ASAC [redacted] so that he could return Judge Lumbard's phone call.

DATE: January 25, 1965

FROM : H. L. Edwards

SUBJECT: AUTOMOBILE ACCIDENT
JANUARY 12, 1965

The purpose of this memorandum is to advise that I may find it necessary to retain an attorney to handle a claim arising out of a rear-end collision of which I was the victim while driving to work January 12, 1965. I was not in any way at fault. The driver of the other automobile has admitted liability. There was damage to my car and I suffered a whip lash injury to the neck for which I have been consulting a physical therapist doctor at George Washington University. The extent of the injury is to date unknown although it has not yet prevented me from daily work.

Both cars were insured by the Government Employees Insurance Company. They have not yet seen fit to have any adjustor contact me. I have heard that this is characteristic of their claims adjusting practices. In view of this, it will probably be necessary for me to place the matter in the hands of an attorney. I anticipate no particular difficulty through legal action and I can foresee no embarrassment to the Bureau.

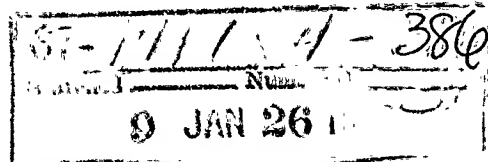

I will keep the Bureau advised of any pertinent developments.

**H. LYNN EDWARDS
NUMBER ONE MAN - INSPECTOR
INSPECTION DIVISION**

As Number One Man in the Inspection Division, Mr. Edwards' responsibilities consist of both inspection assignments and liaison with the American Bar Association, National Association of Attorneys General, National District Attorneys Association and Federal Bar Association National Law Observance Committee. Mr. Edwards has done an outstanding job in maintaining liaison with these groups. He has been alert to protect the interests of the Bureau and he has developed a number of high-caliber contacts.

During the rating period he was in charge of inspections in the Philadelphia and Washington Field Offices, as well as in the Administrative, Domestic Intelligence, Special Investigative and Identification Divisions and directed these inspections in a flawless manner. He was particularly penetrative and probative in his analyses and was instrumental in instituting a number of valuable streamlining procedures which have resulted in a substantial saving in personnel time.

Mr. Edwards makes a substantial personal appearance and has a cordial personality which make him an above-average Bureau representative. He is enthusiastic, dedicated and loyal. His wealth of Bureau experience makes him particularly valuable to the Inspection Division and he can handle any complicated matter in superior fashion. He has exceptional initiative and judgment and has displayed great resourcefulness in his assignments.

Mr. Edwards has a splendid attitude. He always puts his work ahead of personal considerations. His paper work is almost without error and requires an absolute minimum of supervision. He is fully qualified to lead or participate in raids and dangerous assignments. Based on his over-all performance he definitely merits the rating of Outstanding for the period April 1, 1964, to March 31, 1965.

Yesterday Assistant Director Tavel made available to the Laboratory the original of a typewritten anonymous letter addressed to the Director accompanied by an envelope postmarked May 16, 1965, at El Paso, Texas, as well as a copy of this same letter addressed to Mr. Tolson, the envelope of which was similarly postmarked. The letter makes unfavorable reference to Inspector Edwards. Assistant Director Tavel requested that the letter, copy and both envelopes be subjected to appropriate Laboratory examination.

It was determined that the letter was written on a Remington typewriter equipped with pica style of type spaced ten characters per inch. The type in this letter was searched through the Anonymous Letter File but is not identical with any of the material contained therein. At Assistant Director Tavel's request the typewriting was compared with type appearing on various documents in the personnel file of former Special Agent [redacted]. The typewriting is not identical with any of the typing in [redacted]. There is no indented writing on the letter, the copy or the envelopes that would in any way facilitate identification of the source. The letter contains watermark "NEENAH BOND, MADE IN USA." This watermark is registered for the Neenah Paper Division, Kimberly-Clark Corporation, Neenah, Wisconsin.

The Latent Fingerprint Section has processed the letter, the copy and two envelopes for latent prints and one latent fingerprint of value was developed on the envelope addressed to Mr. Tolson and three latent fingerprints were developed on the copy of the letter sent to Mr. Tolson. No latents were developed on the letter or envelope addressed to the Director. None of the latents developed on the material going to Mr. Tolson were identical with the fingerprints of former Special Agent [redacted]. The documentary evidence has been returned to Assistant Director Tavel.

RECOMMENDATION: That this memorandum be forwarded to attention of Assistant Director Tavel.

Mr. H. Lynn Edwards
Federal Bureau of Investigation

Dear Mr. Edwards:

As a result of an inquiry into certain allegations made against you recently, it has been ascertained that on October 10, 1963, you were charged with exceeding the speed limit in Phoenix, Arizona, and failed to advise the Bureau in accordance with existing regulations. In your official capacity you must have been well aware of this requirement and your failure to comply with it was inexcusable.

I shall expect you to demonstrate better judgment in any similar situations in the future and to make certain that no further occasion arises to call a dereliction of this nature to your attention.

Very truly yours,

SYNOPSIS:

Anonymous letter to Director 5-15-65 made following allegations:

Allegation #1: About a year ago Lynn Edwards was to speak at conference of prosecuting attorneys of southwestern states in Phoenix, Arizona, but never spoke because incapable due to prolonged intoxication. Facts: Edwards attended two conferences in Phoenix, one from October 6-9, 1963, and second from March 3-8, 1964. He was scheduled to speak, and actually did, at both conferences. but from other facts writer apparently refers to October, 1963, conference. SA [] and former SAC Edward Boyle both state they had breakfast with Edwards prior to speech, saw him in front of conference room, and no indication he had been drinking. Summary of remarks by Edwards later published in summary of meeting. Allegation #2: That facts of incident were reported to Jim Gale ^{b6} ^{b7C} Facts: Assistant Director Gale and former SAC Edward Boyle deny that Gale was told anything about this matter. Allegation #3: On morning Edwards was to speak he did not appear, so about 20 minutes before scheduled speech hotel manager went to Edwards' room, knocked, and failing to get response opened room door and found Edwards in bed in such drunken condition that manager called former SAC Boyle and two agents came to hotel and spent day getting Edwards sober. Facts: SA [] left office at 8:20 A.M. on 10-9-63 (day after Edwards spoke), picked up Edwards' plane tickets to deliver to Edwards at Westward Ho Hotel, arrived at hotel about 9 A.M. and, after failing to locate Edwards in conference room or restaurant, called Edwards' room on house phone, received no response, knocked on door, no response, requested maid to open door but unable to do so since locked from inside. [] then called Boyle, who arrived immediately, and got [] to admit them with master key. Edwards was asleep, manager left immediately, did not go near bed, and cannot say whether Edwards was drunk but both Boyle and [] state Edwards was not drunk, got up immediately and, after dressing, joined Boyle in lobby shortly thereafter. They had breakfast together, Boyle states attended portion of morning session of conference with Edwards and attended conference luncheon with him. [] proceeded from hotel to police school. Neither saw Edwards during afternoon or evening. Edwards states, on night of 10-8 had attended reception and state dinner, had two highballs before dinner, and one beer and two drinks

during remainder of evening, conversed with various attorneys general, and got to bed about 3 A.M., 10-9, planning to skip breakfast prior to 10 A.M. conference session that date. He vaguely recalls [] and Boyle awakening him and joining them in lobby shortly after 9 A.M. He feels reason for sleeping soundly was change of altitude and climate and having gone to bed late. Allegation #4: After the two FBI Agents left Edwards about 6 P.M. he continued his drinking spree, was arrested early next morning in north part of Phoenix for drunk driving and, when Edwards' identity and position became known to the policeman he called his sergeant who tried to talk the policeman out of arresting Edwards. Policeman gave some ground and issued traffic ticket for driving on wrong side of highway and running stop sign. Police sergeant carried Mr. Edwards to hotel and put him to bed. Facts: As noted above, neither Boyle nor SA [] saw Edwards after noon, 10-9. Edwards states after conference ended he handled various windup matters, made some phone calls, packed clothes, had late dinner, decided to sightsee in area several miles east of Phoenix and after dinner drove rented car to Mountain Shadows resort hotel where he wanted to see several people, arriving after midnight. He had two beers, failed to locate friends, and had coffee at restaurant on way back to town. He states in memo of 5-19-65 that area was confusing and unfamiliar, he missed intersection turnoff for Phoenix, and after some miles became concerned when area looked strange and he tended to speed up in search of sign or service station, was stopped by police vehicle, showed operator's permit, and officers issued ticket for speeding, gave him correct directions, and he drove back to hotel. Traffic ticket on file at Phoenix Police Department reflects issued 3:30 A.M., 10-10-63, to Edwards for unlawful speed 60 miles per hour in 45 mile per hour zone by [] penalty shown as \$30 or 10 days with plea of guilty having been entered on 10-15, found guilty, and sentence suspended by Judge James M. Smith (former Bureau Agent). [] on vacation and unavailable for interview. [] recalled stopping car in early morning during attorneys general conference but did not realize at time that driver was connected with FBI, states felt driver had had something to drink from odor of breath but definitely was not under the influence. States Edwards at first refused to sign the ticket and asked to see superior officer and [] was called to scene (in accordance with police instructions whenever driver will not sign ticket). [] explained to Edwards that signing did not admit guilt but merely constituted promise to appear in court. Edwards explained he was returning east that morning and could not appear so refused to sign ticket. Officers then told him he could have someone appear for him and he thereafter signed ticket and was allowed to drive back to town. [] also stated did not know driver's connection with FBI and if had been drunk would have put in jail, did not recall any question of drinking involved, and Edwards not objectionable in conduct. Allegation #5: Before leaving Phoenix later that morning, Edwards ordered Boyle to fix ticket, Boyle talked to Gale, who told him to take care of ticket, and it took two FBI Agents all day to get ticket fixed with Phoenix police. Facts: Edwards states before leaving on 8:30 A.M. plane on 10-10, five hours after ticket issued, he asked Boyle what to do to properly comply with ticket since he could not appear in court. Boyle

Memo from W. S. Tavel to Mr. Mohr

indicated probably no action would be taken since out-of-state driver and agreed to inquire and advise Edwards if any fine or other action. Edwards heard nothing further, later asked Boyle and was told Boyle had personally inquired, no action was taken, and Edwards could forget matter. Edwards felt since status as Bureau employee not known Bureau would not be involved and regrets he did not advise Bureau earlier. Director noted: "Edwards should have promptly reported this. H." Boyle confirms above, states he appeared before Judge Smith, entered plea of guilty for Edwards, offered to pay fine, but Judge Smith stated under circumstances he would suspend fine. Judge Smith recalls incident, confirms that Boyle offered to pay fine but suspended as courtesy to law enforcement agency. Gale denies knowing this and Boyle denies telling him.

Original letter is being processed by Laboratory for latent prints and comparison with anonymous letter file and typewriting in file of former Agent [redacted] who is in Phoenix. Results will be promptly set out when examinations completed.

While it appears allegations against Edwards are exaggerated distortion of true facts and no evidence Edwards was drunk, he certainly should have reported promptly the receipt of traffic ticket.

RECOMMENDATION:

That Edwards be censured for failure to promptly report the traffic ticket he received on 10-10-63.

ATTACHED IS A PERMANENT BRIEF OF THE PERSONNEL FILE OF SA EDWARDS

Memorandum W. S. Tavel to Mr. Mohr

DETAILS:

Anonymous letter dated 5-15-65 addressed to Director contained allegations concerning Inspector H. L. Edwards' conduct while attending conference of prosecuting attorneys in Phoenix, Arizona.

ALLEGATION #1: About a year ago there was a conference of prosecuting attorneys of the South Western States held at Phoenix, Arizona. One of the speakers at this conference was to be Lynn Edwards.

FACTS: Edwards attended two law enforcement conferences in Phoenix, (1) Western Association of Attorneys' General, 10-6, 7, 8, and 9-63, and (2) the National District Attorneys' Association, 3-3 through 8-64. He was scheduled to speak at both conferences but writer is apparently referring to October, 1963, conference. ^{b6}
^{b7C}

ALLEGATION #2: Mr. Edwards never spoke because he was incapable due to prolonged intoxication.

FACTS: Mr. Edwards states he spoke both times as scheduled and was completely sober. Former SAC Edward Boyle, then assigned Phoenix, and SA [redacted] both state that while didn't actually hear Edwards speak on 10-8-63, they had breakfast with him before speech, and saw him in front of conference room prior to scheduled appearance, morning session 10-8-63 and saw no indication he had been drinking. #3 cards reflect attendance of Boyle and [redacted] at this session. Summary of remarks Edwards delivered later published in formal summary of the meeting.

At 1964 conference SAC Soyars and Boyle had lunch with Edwards on 3-4-64 before scheduled speech and both state completely sober. Soyars did not stay for speech, but Boyle heard Edwards speak, and we have picture taken on this occasion, showing Edwards at speaker's podium and Boyle with him on platform.

ALLEGATION #3: Facts of incident were reported to Edwards immediate superior, Jim Gale.

FACTS: Assistant Director Gale categorically denies he ever heard of any such incident and was never called by former SAC Boyle concerning any misconduct by Edwards. Boyle confirms he never mentioned anything concerning this to Gale.

ALLEGATION #4: Conference was held at a main hotel on Central Avenue in Phoenix and Mr. Edwards stayed there.

FACTS: October, 1963, conference was held at Westward Ho Hotel, prominent hotel on

Memorandum W. S. Tavel to Mr. Mohr

Central Avenue in Phoenix, and Edwards had room 914. March, 1964, conference was held at Ramada Inn, East Van Buren Street, Phoenix, and Mr. Edwards stayed there during conference.

b6
b7C

ALLEGATION #5: On the morning Mr. Edwards was to speak, he did not appear, so about 20 minutes before his scheduled speech, the hotel manager went to Edwards' room and knocked. When he failed to get a response to his knock the manager opened the door to the room. He found Mr. Edwards in bed and in such a drunken condition that he called the man in charge of FBI in Arizona, Mr. Ed Boyle. Two Agents came to the hotel and spent the day getting Mr. Edwards sober.

b6
b7C

FACTS: SA [] states he left office at 8:20 a. m. on 10-9-63 - confirmed by #3 card - (day after Edwards spoke) to pick up Edwards' plane tickets and take them to Edwards at hotel. He picked up tickets, and arrived at Westward Ho about 9 a. m., went to conference room to locate Edwards, didn't see him, asked an Assistant Attorney General of Washington, to whom Edwards had previously introduced him, but who hadn't seen Edwards, then called Edwards' room on house phone, got no answer, checked restaurant without results and receiving no answer when knocked on Edwards' room door, asked maid to let him in. She could not, since door locked from inside. (A common practice by guests according to manager and one which hotel encourages to prevent thefts) Thinking Edwards was possibly ill [] immediately called Boyle, who shortly arrived and got [] to admit them with master key. Edwards was asleep. Manager left immediately and Boyle awakened Edwards, who appeared surprised to find them in his room, got up immediately, [] handed him ticket and left minute later. [] states saw no evidence Edwards was drunk and appeared rational as briefly discussed ticket. Minute later Boyle came out of room, went with [] to hotel lobby and [] proceeded to police school he was conducting.

Boyle generally confirms above facts. #3 card reflects Boyle returned to office from Scout breakfast at 9:15 a. m. and he states on arrival received call from [] and went immediately to hotel, entered Edwards' room, found him asleep but not drunk, and waited in lobby until Edwards dressed, had breakfast with him, attended some of conference session and later that day attended lunch with Edwards at Lawyers' Club, scheduled as conference activity - #3 card shows Boyle left office for "luncheon A. G." at 12:15 p. m. Conference program shows schedule for 10-9 was breakfast 8 - 9:30 a. m. Conference session 10 a. m. to 12:30 p. m. 1 to 2:30 p. m. luncheon at Lawyers' Club.

[] recalls an occasion when asked by Boyle to admit him and another Agent to room occupied by an FBI man. [] was principally concerned whether room occupant had died, and when he saw him move, left immediately, without going near bed. Could not say whether or not drunk, and does not recall whether or not man got out of bed before [] left.

Memorandum W. S. Tavel to Mr. Mohr

b6
b7C

Edwards states on night of 10-8 attended reception and State dinner, had two bourbon highballs at reception in 45 minutes, nothing to drink at dinner, which ended about 10 p. m. ; after dinner conversed with attorneys general and wives in hospitality room and had one beer. About 1:15 a. m. Attorney General of Idaho asked Edwards to have coffee while discussed law enforcement training, but coffee shop was closed and they went to Highway Patrol quarters at hotel where Edwards had about two drinks, discussed law enforcement schools and went to room about 3 a. m. He planned to skip breakfast prior to 10 a. m. conference session 10-9. He has no precise recollection, but vaguely recalls^{b6} one morning when [] and Boyle came to his room and awakened him; states his first^{b7C} reaction was that there was some emergency, and was told they were merely concerned when received no response to door or phone. They stated they would see him in lobby after he dressed and he estimates he joined them shortly after 9 a. m. He states hotel phones normally don't ring more than short single ring, bed was quite removed from door, and only reasons he can advance for sleeping so soundly were drastic climate change, high altitude of Phoenix, and fact he had gotten to bed late night before.

Soyars, Boyle and SA [] who attended 3-64 conference at Ramada Inn, all state no such incident occurred at that conference and no excessive drinking by Edwards then.

ALLEGATION #6: After the two FBI Agents left Edwards about 6 p. m. , he continued his drinking spree. He was arrested early the next morning in the north part of Phoenix for drunk driving by a Phoenix policeman. When identity and position of Mr. Edwards became known to the policeman, he called his Sergeant, who tried to talk the policeman out of arresting Mr. Edwards. The policeman gave some ground and issued a traffic ticket for driving on the wrong side of the highway and running a stop sign. The police sergeant carried Mr. Edwards to the hotel and put him to bed.

FACTS: Boyle states he had speech after luncheon at Lawyers' Club on 10-9 with Edwards and saw Edwards no more that day. Boyle's #3 card shows speech at a school and return to office at 4:35 p. m. SA [] says he spent rest of day at police school at Arizona State University after leaving Edwards' room in morning and saw Edwards no more. [] #3 card shows "ASU" and return to office 5 p. m. Edwards states after conference ended, he handled numerous wind-up matters, made some phone calls, packed his clothes and got ready to check out since plane left 8:30 a. m. , 10-10. Since it was his first trip to Phoenix, and meeting was concluded he wanted to do some sightseeing in Camelback and Scottsdale area several miles East of Phoenix, and wanted to see several people at Mountain Shadows Club in that vicinity. He drove a rented car, and although he originally estimated he ate dinner about 9 p. m. , now feels it must have been after midnight when he finished dinner and arrived at the Shadows, since shortly after going into the bar and ordering a beer the bartender said it was last call before closing at 1 a. m. Edwards had

Memorandum W. S. Tavel to Mr. Mohr

a second bottle of beer, finishing about 1:20 a. m., with numerous people still sitting in the pool area. He attempted to locate people he had come to see, was told they were at restaurant on way back to town. He had coffee and ice cream sundae and read newspaper there and started back to town without finding his friends.

b6
b7C

Edwards states in memo of 5-19-65 that route back was confusing, and he missed intersection should have taken to Phoenix. After some miles area began to look strange and he tended to speed up, in search of some sign or service station. He was stopped by police vehicle, showed operator's permit and since out of state, with Arizona tags on car, officers asked where he was headed and appeared incredulous when he said "Westward Ho" since he was not going toward it. Officers issued ticket for speeding and they gave him correct directions and he drove back to hotel.

b6
b7C

Attached copy of traffic ticket on file at Phoenix Police Department reflects issued to Howard Lynn Edwards, Annandale, Virginia, at 3:30 a. m., 10-10-63, on West Glendale Avenue for "unlawful speed" (60 mph in 45 mph zone) by [redacted] and [redacted] Penalty is shown as \$30 or 10 days and plea of guilty was entered on 10-15, found guilty and sentence suspended with note "FBI requested suspension." Initials of Judge James M. Smith appear on it, as well as a firm signature of H. Lynn Edwards.

[redacted] recalled stopping car in early morning hours during Attorney Generals' Conference, headed west on Glendale Avenue away from town. He recalled being under impression driver was with office of Attorney General of West Virginia, but admitted this was probably wrong since he had Virginia driver's permit. Edwards denies any such misrepresentation. [redacted] states he did not know driver was with FBI or might have refrained from issuing ticket out of courtesy to fellow law enforcement officer. [redacted] says car was weaving somewhat, (Edwards feels this may have been due to his looking for street signs) and took off fast from a stop sign, but that driving was not dangerous, and that infraction was "unlawful speed." Felt driver had had something to drink from odor of breath, but definitely not under the influence.

Edwards at first refused to sign ticket and asked to see [redacted] [redacted] was called to scene (in accordance with police instructions whenever driver will not sign ticket). [redacted] explained that signing did not admit guilt, but merely constituted promise to appear in court. Edwards explained he was returning East that morning, could not appear and so refused to sign [redacted] and [redacted] told him law allowed someone to appear for him, and unless he signed they would have to back him up and leave car at scene or tow it away. Edwards then signed and was allowed to drive back to town.

[redacted] was on vacation, whereabouts unknown, until 6-15, but [redacted] confirmed above account, commenting that since they did not know of

Memorandum W. S. Tavel to Mr. Mohr

Edwards' connection with the FBI when the ticket was issued, and no reason for any special treatment, if he had been drunk they would have put him in jail. He did not recall there was any question of drinking involved, and said Edwards was not objectionable in his conduct.

ALLEGATION #7: Before leaving Phoenix later that morning, Mr. Edwards ordered Mr. Boile to fix the ticket. Mr. Boile talked to Mr. Gale who told him to take care of the ticket. It took two FBI Agents all day to get the ticket fixed with the Phoenix police.

FACTS: Edwards states before leaving at 8:30 a. m. on plane on 10-10 (ticket issued 5 hours earlier) he asked Boyle what he should do to properly comply with ticket, since he could not appear in court. Boyle indicated probably no action would be taken since Arizona lenient with out of state drivers. Boyle agreed to inquire and advise Edwards if any fine or other action. Edwards states he heard nothing further, later asked Boyle and was told that he had personally inquired, no action was taken and Edwards could forget whole thing. Edwards felt since status as Bureau employee not known, Bureau not involved, and regrets he did not advise Bureau earlier because of lack of complete information. Director noted "Edwards should have promptly reported this."

Boyle confirms above, and states he appeared before Judge James M. Smith (A former Agent, EOD 11-13-50 - Resigned 6-1-56 to practice law - Bureau service satisfactory), entered plea of guilty for Edwards and offered to pay fine, but Judge Smith stated under the circumstances he would suspend the fine.

Judge Smith states Boyle appeared before him, explained member of FBI, Inspection Staff, had received ticket for speeding while at Attorney Generals' Conference, had to return to Washington and offered to pay fine. Judge Smith said he would not dismiss the case but suspended the fine, since he could not accept cash, would have had to enter on another docket, and under circumstances he did not feel it was fair for Boyle to have to pay the fine. He stated he would occasionally extend similar courtesy to other law enforcement agencies where circumstances seemed to warrant it. He stated notation "FBI requested suspension" was merely made by him to remind him of FBI's interest, and did not mean that Boyle had actually requested suspension or was unwilling to pay fine.

Gale denies knowing of this and Boyle denies telling him. Ticket is still on file at Police Department and was not "fixed."

SUBJECT: PERSONNEL MATTER

Assistant Director Tavel has asked me for some specific information to supplement my statement to you of 5/19/65.

1. Activities night of 10/8/63, including time I got to bed and whether drinking.

b6
b7C

This was the night the host Attorney General had scheduled a reception and the State Dinner. The reception was a cocktail party. I was there about 45 minutes and had two highballs of bourbon and water (I never drink more than two at such receptions). There was no drinking at the dinner. It lasted until after 10:00 PM.

Thereafter I remained in the Westward Ho Hotel, visiting and conversing with the various Attorneys General and their wives. This was in the Hospitality Room set up by the host, and at the hotel outside poolside where there were tables and chairs. I had one bottle of beer at the Hospitality Room, and nothing at poolside.

At about 1:15 AM, Attorney General Shepherd of Idaho asked me to have a cup of coffee with him since he said he had to leave that morning to return to Idaho and had some law enforcement training problems to talk to me about. The coffee shop was closed so he asked me to come around with him to the Highway Patrol quarters in the hotel (the host Attorney General had a number of Highway Patrol officers on duty to assist the convention) because he wanted to firm up his transportation to the airport. I accompanied him and after he squared away his transportation we talked about his desire to put on some law enforcement schools.

We visited with a number of the Highway Patrolmen who were sitting around in the room. We had about two drinks (I had bourbon and water) with them. I estimate it was about 3:00 AM when I said good night and went to my room. The next day's panel was not scheduled to start until 10:00 AM. There was a breakfast scheduled prior to the panel but I planned on skipping that because I had arranged to meet Special Agent [] prior to the panel to arrange for my return airline reservation and ticket, and to obtain any news clippings and mail from the office.

On returning to my room, I showered and shaved so that I could sleep until the last minute in the morning.

Memo for Mr. Mohr
Re: Personnel Matter

2. Recollection of events of morning of 10/9/63.

Mr. Tavel tells me that Agent [] and SAC Boyle couldn't arouse me by phone that morning of October 9 and had to get the manager to admit them to the room since it was locked from the inside. I have no precise recollection of this, but I do vaguely recall one morning when Agent [] and SAC Boyle came into my room and awakened me. My first reaction was that there was some emergency. They said no, that they had merely become concerned when I hadn't heard the phone or knock on the door. I asked them to wait a few moments until I dressed but they said they would see me in the lobby, perhaps because they wanted to move the car to a better parking spot or something else meantime. I know I met them minutes thereafter in the lobby, which I would estimate was shortly after 9:00 AM. Hotel phones don't normally ring more than a short single ring and my room was an end corner one with the bed quite removed from the door. I obviously had not much to drink the night before. The only excuse I could possibly advance for my sleeping that soundly is the drastic climate change plus the high altitude of Phoenix, as well as the fact I had gotten to bed late.

3. Why out at 3:30 AM on 10/10 and activities since eating dinner at 9:00 PM.

b6
b7C

My original estimated time of having dinner is off. I do know it was quite late before starting dinner because I handled numerous wind-up matters in connection with the meeting which ended late that day on 10/9, made some phone calls, packed my clothes, and got all ready to check out since my plane next morning was 8:30 AM.

This was my first trip to Phoenix, the meeting was over, and since there had not been an opportunity to see this scenic area and I had heard so much about it, I decided to drive out to the Camelback Mountain and Scottsdale region. I particularly planned to go to Mountain Shadows because I had previously met a retired couple* from there who had wanted me to have dinner and visit with them before going back and when I told them my schedule was not certain enough to make a definite arrangement, they said I could usually find them around the pool or at the various events at the Mountain Shadows Hotel and if I got a chance, just to come out. Also, I had wanted to again see the golf pro there who is the nephew of an Agent and who had asked me to come out at night after he got through work so he could show me around.

It was after midnight when I finished dinner and arrived at the Shadows, because I recall going into the bar and shortly after ordering a bottle of beer, the bartender came around for "last call" saying he closed at 1:00 AM. So I had a second bottle of beer and estimate it was about 1:20 AM when I finished, leaving two couples still sitting there with whom the bartender was conversing.

Memo for Mr. Mohr
Re: Personnel Matter

I had inquired for the [] also [] the golf pro, and was told they had been in earlier and might still be at the pool area or around the lobby. I had them paged, went out to the pool area and looked around. There were still numerous people sitting and conversing in the pool area.

I then went into the hotel, checked at the desk for these people and was told that the [] had gone out for some food at one of the nearby places in Scottsdale with a couple of hotel guests. Since that was en route to Phoenix, I decided to stop there for a cup of coffee and see if I could find them. I had two cups of coffee and an ice cream sundae there, glanced over the newspaper, and not finding the [], decided to drive back to the Westward Ho. On my return to Washington, I sent the [] a letter telling them I had tried to locate them that night at the Shadows. []

5. Details about refusal to sign ticket.

At most I expressed a reluctance to sign the ticket for two specific reasons: (1) I didn't want to sign anything which could be construed as an unequivocal plea of guilty to speeding; and (2) I didn't want to commit myself to personally appearing at traffic court because of my scheduled departure from Phoenix that morning. I did not engage in any argument with these officers, but they seemed unable to satisfactorily answer my two questions, and while I was discussing the matter, a third officer of higher rank appeared on the scene and when he explained that signing the ticket was no admission of guilt and would not preclude my having someone else appear for me, I was satisfied, signed the ticket, and that ended the discussion. I turned around and headed back to my hotel. Regarding information given to Mr. Tavel by one of the officers to the effect that I asked to see the Chief of Police, I obviously would not have asked to see the head of the Department at this hour. I may have asked the officer to check with his chief (i. e. Supervising Sergeant) to obtain the answers to my questions when he couldn't satisfactorily resolve them.

I wish to emphasize that at no time in my discussion did I try to dispute their claim about exceeding the speed limit, or try to dissuade them from issuing the ticket or doing their duty. I just didn't want to be suckered into signing something without being completely satisfied as to its import. When I asked SAC Boyle to appear on my behalf re the ticket, I did not in any way indicate I felt I had been wrongfully charged. I wanted him to pay any fine involved and not do anything to "fix" the ticket.

Mr. Tavel informed me these officers learned from him for the first time that I was with the FBI and indicated that if I had only told them so, they would have issued no ticket. All I can say is I would never knowingly use my FBI status to try to escape a traffic citation, and would have no sympathy with anyone who did.

Memo for Mr. Mohr
Re: Personnel Matter

Mr. Tavel indicated that one of the officers said he got the impression that I was either the Attorney General from the State of West Virginia or with his staff. Obviously this is ridiculous on its face because the officer admittedly had my operator's license showing me to be a resident of the State of Virginia. Further, for me to have endeavored to misrepresent myself as being any Attorney General or member of his staff would have been foolish because this matter could have been immediately refuted by checking at the Westward Ho Hotel. The most I indicated was that I was a guest at the Westward Ho attending the Attorneys General Conference and they did not ask me nor did I volunteer what my specific position was.

I wish to also emphasize that at no time in the discussion with the officers was any question raised that I had even been drinking. I was not asked to get out of my car, and I was not followed back to my hotel to the best of my knowledge. If I was observed doing any weaving on the road, it was because I was searching for street or other signs to orient me. If these officers later indicated to anyone I showed any signs of drinking and didn't say or do anything about it with me, they were flagrantly shirking their duty.

[illegible]

On March 6, 1964, I appeared on the program at the Ramada Inn and spent several hours at the Inn. I recall specifically that Inspector Edwards was in the audience during my speech and after the speech, in the company of Inspector Edwards, I talked to a newspaper reporter. An article appeared in one of the Phoenix papers regarding the speech, and I subsequently learned from Inspector Edwards that another paper desired to obtain an interview regarding the speech, so I arranged to meet Inspector Edwards at the Ramada Inn at 8 a.m., I believe, on March 7, 1964.

On March 7, 1964, I met Inspector Edwards and had approximately 30 to 40 minute interview with a reporter from a local newspaper.

On March 7, 1964, I was invited to a dance and cocktail party at the Phoenix Country Club which was the grand finale of the convention. On this occasion I saw Inspector Edwards for approximately 10 minutes at which time I introduced him to my wife, and I saw him throughout the evening with other persons at the convention. The program at the party consisted of cocktails, dinner and entertainment. At the conclusion of the entertainment, my wife and I went home.

The only contact that I had with Inspector Edwards was during daylight hours- official business, other than the social function mentioned above. I did not hear Inspector Edwards talk. At no time did I observe him in an intoxicated condition. At the grand finale social function I observed him to take a drink and I had a drink with him. As far as I could tell his conduct was above reproach.

I have no knowledge of Inspector Edwards' misconduct as to drinking or of any traffic ticket that he is alleged to have received.

Phoenix, Arizona
May 21, 1965

In connection with my discussions with Mr. Tavel, the following is my recollection of what happened during Mr. Edwards' visit to Phoenix on the occasion of his attendance at the Western Association of Attorneys General in October, 1963.

As I recall on 10/7/63, late in the afternoon, I was requested by SAC Edward L. Boyle to accompany him to the Westward Ho Hotel to discuss with Inspector Lynn Edwards an outline for a search and seizure speech which he was to deliver to the above association on 10/8/63. I recall accompanying SAC Boyle to the Westward Ho and contacting Mr. Edwards, at which time we had a brief discussion of the subject he planned to present to this group.

The following morning on 10/8/63, about 8:15, I accompanied SAC Boyle to the Westward Ho where we met Inspector Edwards and had breakfast with him. I had previously prepared a 5-page typewritten outline for Mr. Edwards on search and seizure. We discussed the outline and he requested me to remain at the Westward Ho Hotel in the event questions were asked after the speech. I recall sitting at the back of the room where

the conference was held with SAC Boyle and Inspector Edwards was at one of the front tables. Mr. Boyle mentioned that the program was running behind time and that by the time Inspector Edwards had finished speaking, it would be lunch time and there would be no time for questions and there would be no necessity for me to remain any longer. I thereafter left for a police school at Arizona State University. On this occasion I did not actually hear Mr. Edwards deliver his speech which was after I left, but he certainly was not intoxicated and there was no evidence that he had been drinking on this occasion.

On the morning of 10/9/63 I recall being requested by SAC Boyle to pick up airline tickets for Mr. Edwards and deliver them to him at the Westward Ho Hotel. I left the office about 8:20 a.m., picked up the tickets and went to the Westward Ho, arriving about 9 a.m. I went to the conference room to locate Mr. Edwards, I did not see Mr. Edwards there. I did contact the Attorney General from the State of Washington, whom Mr. Edwards had introduced to me on the previous day at breakfast, and asked him if he had seen Mr. Edwards. He stated he had not. I then went to the hotel house phone after determining his room number and called his room. I received no answer. I then went to the restaurant to see if I could locate him there. When I could not locate him I then went to the ninth floor and knocked on his door.

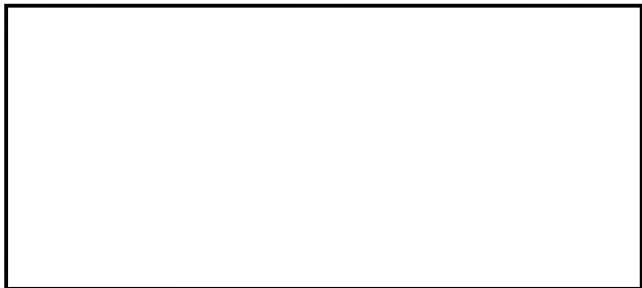

I received no response. I then contacted one of the maids on the floor who was cleaning rooms and asked her if she could open ~~the~~ ^{HIS ROOM} so that I could leave Mr. Edwards' airline ticket there. After examining the door she told me the door was locked from the inside and that her key would not open the door and that she would have to have the manager open the door. Realizing that Mr. Edwards might have been ill, I immediately contacted SAC Boyle who arrived at the hotel shortly thereafter. We then contacted the manager who was called [] as I recall, and he accompanied Mr. Boyle and me to Mr. Edwards' room on the ninth floor. Using his master key, the manager opened the door and we observed Mr. Edwards as being sound asleep in the room. The manager of the hotel immediately left and Mr. Boyle awakened Mr. Edwards. I then gave Mr. Edwards his ticket. Mr. Edwards was apparently surprised at finding the two of us in his room, but he immediately got up. I left the room immediately after handing him the ticket. I was in the room no more than one minute. I saw no evidence that he was drunk and he appeared rational as we very briefly discussed the ticket.

I waited in the hall and in approximately one minute Mr. Boyle came out of Mr. Edwards' room. We both went to the hotel lobby and I left immediately for the police

school at Arizona State University.

These were my only contacts with Mr. Edwards during his visit at this time.

During his visit in March, 1964, to attend the District Attorneys Association meeting at the Ramada Inn, the only connection I had with Mr. Edwards was to secure a rental car for his use, which I delivered to the Inn and gave the keys to the SAC. I do not recall seeing Mr. Edwards on this occasion.

Phoenix, Arizona
May 20, 1965

I, William B. Soyars, Jr., make the following statement to Assistant Director William S. Tavel relative to my contact and association with Inspector H. L. Edwards during the period of 3/3/64 through 3/8/64.

During the afternoon of 3/3/64 (it is my recollection SA [redacted] accompanied me) I went to the airport to meet Mr. Edwards upon his arrival from Washington, D. C. The time would have been around 3 p.m. I drove Mr. Edwards to the Ramada Inn on East Van Buren Street where he checked in to attend and represent the Bureau at the National District Attorneys' Association meeting. I left Mr. Edwards at about 4 p.m., and did not see him again that day.

b6
b7C

On 3/4/64 I was present at the Ramada Inn for a luncheon which commenced about 12:30 p.m. I distinctly recall Mr. Edwards introducing me a short time prior to the luncheon to [redacted], who was at that time [redacted] of the American Bar Association. Former SAC Edward L. Boyle was also present on this date at the Ramada Inn and engaged in conversation with [redacted] Mr. Edwards and myself. I recall that Mr. Edwards was present at the luncheon on this date. I left the Ramada Inn after the luncheon was concluded, arriving at the office at 2:45 p.m. I did not

see Mr. Edwards again on this date.

Although I did not have occasion to hear Mr. Edwards speak on 3/4/64, I have reviewed the records maintained by the Phoenix FBI Office and have furnished to Assistant Director Tavel a photograph which was taken on 3/4/64 at the Ramada Inn. This photograph shows former SAC Boyle speaking before the National Association of District Attorneys. Included in the photograph and seated at the speakers' table, along with SAC Boyle are Mr. Edwards and [redacted] (second individual from the left). [redacted] is the [redacted] [redacted] of Pima County and was the [redacted] for the panel on which Mr. Boyle and Mr. Edwards appeared.

b6
b7C

My next occasion to see Mr. Edwards was on 3/6/64 at which time I was at the Ramada Inn again for a luncheon in connection with the convention. I left the Ramada Inn about 1:30 p.m. on 3/6/64. I believe that on this date, 3/6/64, Mr. Edwards came to the Phoenix FBI Office in order to dictate certain summaries of events that had occurred in connection with his attendance at the meeting. This [redacted] was done in my office and was taken by [redacted] Mr. Edwards was present in the office late in the afternoon near the end of regular working hours and his presence in the office was confined solely to dictating within my office.

My next occasion to see Mr. Edwards was on Sunday, 3/8/64, at which time I met him at the airport a short time before 7 a.m. We had breakfast together and he caught a plane around 8:30 a.m. to return to Washington, D. C.

During all of my contacts with Mr. Edwards there was absolutely no indication that he had had any intoxicating beverages. His decorum in all respects was proper.

b6
b7C

No report of any sort has come to my attention indicating any misconduct on the part of Mr. Edwards while he was in Phoenix and specifically no report has come to my attention that he was involved in an arrest on a traffic charge or that he was intoxicated. From a review of the records in the Phoenix Division, and to the best of my recollection, the only individuals of the Phoenix Office who were at the Ramada Inn during the aforementioned period are as follows: Former SAC Edward L. Boyle (who departed at 7:20 a.m. 3/5/64 en route to Savannah); SA [redacted] [redacted] and [redacted] (who were assigned at the Ramada Inn to take various photographs, to assist in handling of exhibits at the Inn, and to handle other Bureau duties); SA [redacted] who presented a speech before the assembled District Attorneys; and myself.

SUBJECT: INSPECTOR H. L. EDWARDS
PERSONNEL MATTER

DATE: 5/19/65

Regarding the anonymous letter concerning Mr. Edwards dated 5/15/65, I wish to emphatically state that former SAC Boyle never called me concerning any misconduct on the part of Inspector Edwards nor was I ever aware of any of the incidents mentioned in the anonymous letter from any source. In the event such matters had been brought to my attention, I most certainly would have appropriately advised the Director.

With reference to the above-captioned anonymous letter, I have permitted Assistant Director Gale to read it and he has emphatically denied the allegations contained therein with respect to his involvement in the matter. There is attached a memorandum containing his denial.

According to the records in the Crime Records Section, Mr. Edwards was scheduled to appear on a panel from 2:30 p.m. to 4:00 p.m. on March 4, 1964, at the National District Attorneys Convention in Phoenix which was scheduled for March 3 through March 7. The panel was to discuss current projects of interest to prosecutors. Mr. Edwards was scheduled to discuss those aspects which would affect the FBI.

Mr. Edwards' personnel file reflects a letter dated March 19, 1964, from [redacted] Maricopa County, Phoenix, Arizona, in which he expressed gratitude to the Director for making Edwards, former SAC Boyle and Special Agent [redacted] available to the convention. [redacted] who was the host of the convention, said from the correspondence they were receiving nationwide from prosecutors who attended, it was obvious that the program met with their wholehearted approval and that making Messrs. Edwards, Boyle and [redacted] available had added immeasurably to the success of the program.

In view of the fact that Mr. Gale emphatically denies any involvement in this anonymous allegation, it is suggested that Mr. Edwards be confronted with the anonymous letter before making any inquiries in Phoenix. If you agree, I shall handle the interview with Mr. Edwards immediately.

This memo is submitted in answer to the anonymous communication dated 5/15/65 addressed to the Director postmarked at El Paso, Texas, 5/16/65 making allegations concerning me during a conference of Prosecuting Attorneys of the Southwestern States which the author claims was held in Phoenix, Arizona, about a year ago and at which he alleged I never spoke as scheduled at this conference because of incapacity "due to prolonged intoxication." I am very sorry the Director and the Bureau have to take up valuable time with this vicious matter but I can assure you and the Director that this is an unmitigated vicious lie. I have been privileged to represent the Director and the Bureau in various important liaison functions for almost the past five years and this is the very first complaint to my knowledge concerning my handling of these matters. I have always been very proud of the privilege to represent the Director; this work has many times been far from easy; and I have spent a great deal of my own time and money in an effort to do the kind of job I felt would bring credit to the Bureau and serve its best interests.

Specifically, concerning the Phoenix meetings, there were two which I attended and from the allegations in this letter, it is difficult to pinpoint with exactitude which one the author has in mind. So, I will briefly refer to both of them.

The very first time I was ever in Phoenix was to represent the Bureau at the 1963 annual meeting of the Western Association of Attorneys General. This was held at the Hotel Westward Ho in downtown Phoenix, 10/6-9/63. I arrived by plane the evening of 10/6/63, was registered at the Hotel Westward Ho and I departed Phoenix by plane on the morning of 10/10/63. I was scheduled to speak on a Tuesday morning panel, 10/8/63, on the subject of "Search and Seizure" with particular reference to law enforcement problems arising from the U. S. Supreme Court's decision in Mapp v. Ohio. Assistant Attorney General M. H. Hemmen of the State of Washington was also on the panel. I spoke as scheduled beginning at approximately 11:00 a.m., and spoke for about twenty minutes following which there were some questions and answers. The summary of my remarks was subsequently printed in the formal summary of the meeting on pages 8, 9 and 10 (Summary attached). Former Attorney General of Arizona Robert Pickrell was the conference host and I am sure he as well as all of the individuals in attendance can vouch for my complete sobriety.

Memorandum for Mr. Mohr
RE: PERSONNEL MATTER

The second and only other time I was in Phoenix was to represent the Bureau at the winter meeting of the National District Attorneys Association held at the Ramada Inn, outskirts of Phoenix, 3/3-7/64. I was scheduled to arrive in Phoenix the afternoon of 3/3/64 but was fogged in at Chicago and did not arrive until the early morning hours of 3/4/64. I stayed at the Ramada Inn during the entire meeting and departed from Phoenix Sunday morning 3/8/64. I was scheduled to speak on the program Wednesday afternoon, 3/4/64. The session was from 2:30 to 4:00 p.m., the title was "Topics of Interest to Prosecutors." Former SAC Edward Boyle was also scheduled as a speaker and there were several prosecutors as panelists. Both Boyle and I appeared. Boyle summarized FBI cooperative services of interest to local prosecutors and I spoke regarding recent problems to prosecutors and law enforcement which have arisen from Supreme Court cases, many of which pertained to the expanding rise of due process which have had the effect of broadening the rights of the criminal and subordinating the rights of society. The panel was well attended. There were numerous complimentary remarks including some requests for copies of my talk. Although no formal minutes of the National District Attorneys Association meeting were made I did receive a copy of a letter which the host Prosecutor [redacted] at Phoenix sent to the Director 3/19/64 thanking the Director for making SAC Boyle, SA [redacted] of the Phoenix Office [redacted] spoke at a separate panel on prosecutions of sex crimes, he being a fully qualified police instructor), and myself available indicating we added immeasurably to the success of the program.* I also received a personal note from [redacted] saying, "Again, may I tell you how grateful I personally am to you." Again, may I say that I was completely sober at this function. b6 b7C

The other allegations in the letter are so outlandish and ridiculous as to hardly deserve comment but I wish to brand them as vicious lies. I never met the manager of either the Westward Ho or Ramada Inn. I was introduced in the lobby of the Ramada Inn to [redacted] and although he wanted me to also meet the [redacted] I did not get the opportunity and out of courtesy, I sent [redacted] a personal note following the meeting telling him I regretted not having had the opportunity to make his acquaintance. At no time during any of these meetings was it necessary to either accompany me to my room or get me out of my room and at no time was I drunk.

The allegation about an arrest for drunk driving and having to be carried to the hotel by a police sergeant and put to bed is a bald-faced lie. I do recall that

*Attached are two photographs taken of this panel, both of which show me participating in the panel. Former SAC Boyle and a number of local prosecutors are also pictured.

Memorandum for Mr. Mohr
RE: PERSONNEL MATTER

on my last night in Phoenix following the termination of the Attorneys General meeting late that afternoon (10/9/63) I drove a rented car in order to see some of the Phoenix area, particularly the Camelback Mountain and Scottsdale area which is so much talked about. I was alone the entire time. I drove out to some highly recommended restaurant where I had dinner about 9:00 p.m. Thereafter I drove to the famous Mountain Shadows Resort Hotel, walked around the lighted outdoor pool and lobby area, had two bottles of beer at the bar and then started driving back to my hotel because I had to catch an 8:30 a.m. flight in the morning.

The distance back to Phoenix was considerable and the route was a bit confusing because I had been more intent on sightseeing while driving out. Without realizing it, I drove past the intersection I should have taken into Phoenix. After proceeding some miles, the area began to look strange and I tended to speed up in search of some sign or service station where I might inquire. All of a sudden I was flagged down by a police vehicle with a flashing red light. They asked for my operator's permit and seeing it was out of state and my car had Arizona tags, they asked where I was headed. When I told them "The Westward Ho Hotel" they acted somewhat incredulous and said I was headed away from that. They gave me a ticket for exceeding the speed limit and told me where I had missed the intersection about five miles back. I thanked them, turned around and drove back to my hotel.

That morning (10/10/63) I had a cup of coffee with SAC Boyle at the airport before boarding my plane at 8:30 a.m. Inasmuch as I would have no opportunity to take any action myself on the traffic ticket, I told SAC Boyle of the incident and asked him to ascertain for me just what I had to do to properly comply with the ticket. SAC Boyle said that this would probably involve no action whatever because I was from out of state and although Arizona was known to be strict on traffic enforcement, it was also known to be extremely lenient with tourists and other out of state drivers. I emphasized to SAC Boyle that a "speeding ticket was no major sin" and therefore I wanted to handle it properly. (This was only the second traffic ticket I had ever received in my life and the first one for exceeding the speed limit.) SAC Boyle assured me that he would personally make inquiry and if there was any fine or other action he would promptly advise me. On my return home I also alerted my wife to be on the lookout for any communication which might come to my home address from the Phoenix Traffic Department so that she could promptly notify me of any action required in the event I might be out of town.

RE: PERSONNEL MATTER

(My operator's permit reflects my home address.) After waiting a reasonable time I sent a follow-up note to SAC Boyle to inquire as to the status of this matter. At some considerable time thereafter I was talking to SAC Boyle and again reminded him of this and he told me that he had personally inquired of the matter and that no fine or other action was taken and that I should forget the entire thing, and further, that no special consideration had been requested or afforded, probably because I was from out of state. There was no known involvement of the Bureau in this matter whatever and my status as a Bureau employee did not enter my discussion with the traffic officers. The only connection they could have possibly known was my attendance at the Attorneys General conference at the Westward Ho Hotel. At the late date I received the final status of this matter from SAC Boyle I did not advise the Bureau nor did I advise the Bureau earlier because of my lack of complete information. This judgment I can see now was unfortunately bad, which I regret.

Edwards should have promptly reported this.
The allegation that two FBI Agents came to the hotel and spent the day getting me sober is an absolute falsehood. The only Agents other than the SAC that I had contact with during either meeting was SA [redacted] of Phoenix, a police instructor who gave me a fill-in on some of the local search and seizure problems and some of the local police training programs so as to orient me for the Western Association of Attorneys General meeting, and SA [redacted] who was on the National District Attorneys Association panel referred to above, and I assisted [redacted] in introducing him to a number of key people prior to his appearance.

I wish I could throw some light on the obvious spite which has motivated this letter but I cannot. I am confident any inquiries made in this matter will expose the vicious falsity of this anonymous communication. For what it is worth, I wish to remind the Bureau that former SA [redacted] is reportedly now practicing law in Phoenix. I recall that during the Attorneys General meeting in October, 1963, the Bureau had just received information that [redacted] was endeavoring to be admitted to practice in Phoenix. I specifically alerted SAC Boyle to this and spent considerable time briefing him on [redacted] vicious past activities. I know, as does the Bureau, that SAC Boyle did take a number of specific steps thereafter to try to thwart [redacted] efforts to be admitted. He was successful at the lower levels but, as the Bureau, knows, [redacted] succeeded on final appeal.

I will be glad to furnish any additional information needed to assist in clearing this matter up.

Dear Mr. Hoover,

About a year ago there was a conference of prosecuting attorneys of the wouthwestern states held at Phoenix, Arizona. One of the speakers at this conference was to be your assistant, Lynn Edwards. Mr. Edwards never spoke because he was incapable due to prolonged intoxication. I do not think you were made aware of this situation because I just learned that Mr. Edwards is still one of the top officials of the FBI. I am sure you do not want this type person representing you throughout the country and this is why I am writing you.

The facts of this Phoenix incident was common knowledge to the attorneys attending the conference. They were reported to the immediate superior of Mr. Edwards, Jim Gale, who apparently chose to take no action. The facts are this.

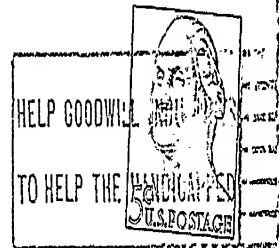

The conference was held at a main hotel on Central Avenue in Phoenix and several of the persons attending stayed at this hotel, as did Mr. Edwards. On the morning Mr. Edwards was to speak, he did not appear so about twenty minutes before his scheduled speech, the hotel manager went to Mr. Edwards' room and knocked. When he failed to get a response to his knock, the manager opened the door to the room. He found Mr. Edwards in bed and in such a drunken condition that he called the man in charge of the FBI in Arizona, a Mr. Ed Boil. Two FBI agents came to the hotel and spent the day getting Mr. Edwards sober. This was a bad situation, but not the end.

After the two FBI agents left Mr. Edwards at about 6:00PM, this man continued his drinking spree. He was arrested early the next morning in the north part of Phoenix for drunk driving by a Phoenix policeman. When the identity and position of Mr. Edwards became known to the policeman, he called his sergeant who tried to talk the policeman out of arresting Mr. Edwards. The policeman gave some ground and issued a traffic ticket for driving on the wrong side of the highway and running a stop sign. The police sergeant carried Mr. Edwards to the hotel and put him to bed.

Before leaving Phoenix later that morning, Mr. Edwards ordered Mr. Boil to fix the ticket. Mr. Boil called your office and talked to Mr. Gale who told him to take care of the ticket. It took two FBI agents all day to get the ticket fixed with the Phoenix police. Mr. Hoover, I do not think you were told about this man because he is still on your staff.

I am sending a copy of this letter to the Attorney General because of his interest in the matter.
